Magic the Gathering M12 Pre-Release

The new 2012 Core Set is not available for sale until 15th July but Infinitas will be hosting a pre-release MTG event on Saturday 9th July. This is to celebrate the new M12 core set of cards. We will be running a booster draft of 6 booster decks plus 2 more boosters given to participants at the end. We will also have some special release cards to give to participants and some extra prizes for winners. The entry fee will be \$40. If you are new to playing Magic, come along and you will find others willing to show you how to play, or if you want to win, come to test your skill. 9:30am start and will run for a few hours, all welcome.

Author Visit: Kevin J Anderson

Kevin J Anderson visited Infinitas on Monday 20-06-2011, escorted by some publicity people from the publisher Simon and Schuster.

Kevin was in Sydney attending Supernova the previous weekend as a guest of honour. In respect of his contract with Supernova, we did not advertise his visit to our shop so there was no crowd of fans for his visit. However, we did manage a small gathering with only a couple of hours notice on the day. Also, author Patty Jansen attended to see Kevin again. Kevin edited a recent anthology including Patty's novella.

Kevin signed our shelf stock so if you would like a signed copy of his, ask us soon while we still have some. Photos of his visit are up online at:

<http://www.infinitas.com.au/Gallery/KevinJAnderson20-06-11.php>

Author Visit: Kylie Chan

Kylie Chan visited Infinitas 2pm Friday 24-06-2011. This visit was part of a signing tour sponsored by HarperCollins, her publisher, promoting her new book *Heaven to Wudang*. Kylie had visited us before in 2009 so we knew she would be popular.

Kylie attracted a happy crowd of dozens with a queue waxing and waning of fans wanting their books signed. Many wanted a photo with Kylie and all wanted a chat. Kylie patiently signed messages into books and stamped them with her personalised red ink stamp. As the photos on our website show it was a happy group of fans, some were very gushy. Once the fans had left, we had Kylie sign the many books left at the shop by readers who could not be at the shop for her visit, but had left their books with us. Also, she signed our shelf stock, so if you would like a signed book of Kylie's, ask us soon before they are all gone.

Kylie did share some minor plot spoilers from her next series with the fans which we won't repeat here. However, we can say Kylie is contracted to HarperCollins for another trilogy with the same lead characters, following directly on from *Heaven to Wudang*, with no 10 year gap like between the prior series. Expect the first to be published mid 2012. The prequel is still on hold. There is some progress on a graphic novel to be illustrated by Queenie Chan. Author News

Patty Jansen's novella is included in the annual SF anthology *L. Ron Hubbard Presents Writers of the Future Volume XXVII*. This means she was flown to Hollywood, wine and dined in style, toured printing and NASA facilities and mixed with many famous writers. Congratulations to Patty who has participated in the Infinitas Writers' Group.

Martin H Greenberg died 25-06-2011 from cancer. He has edited many science fiction and fantasy anthologies. <http://sfe3.org/sf.php?id=646OZa7q24wR>

Joel Rosenberg died 2-6-2011 following a heart attack. He was best known for his *Guardians of the Flame* series where a group of D&D players find themselves thrust into their fantasy world. However, he also wrote other fantasy, science fiction and other books.

Kat Richardson has her sixth Greywalker novel, *Downpour* due in August and has sold another three.

P C Hodgell has the sixth book in her Kencyrath / Godstalker Chronicles series *Honor's Paradox* coming in December in hardcover and has started the next titled *Sea of Time*. <http://tagmeth.livejournal.com/>

Mike Shepherd has contracted with Ace for two Kris Longknife books. *Kris Longknife: Daring* is due late October 2011, then next year will have *Kris Longknife Furious*, then another untitled book in 2013.

2011 Gemmell Awards, which are for fantasy novels, were announced 17th June in London. Best novel was awarded to *The Way of Kings* by Brandon Sanderson, The Morningstar Award for Best Fantasy Newcomer was awarded to the Black Library Warhammer novel *Warrior Priest* by Darius Hinks.

Blue Mountains Freecon 2011 Report

A Brief report on the 2011 Blue Mountains Freecon, Gearins Hotel Katoomba, Saturday June 25, 2011 by Garry Dalrymple

This year's Blue Mountains Freecon, held on Saturday June 25 at Gearins Hotel Katoomba suffered several major handicaps compared to last year, i.e. No Trains, Fewer Writers and No Jack Thompson. This year, to get to Katoomba from Sydney you needed to get a bus to Penrith before you could catch a Blue Mountains service train. If your connections worked out, a three or four hour trip each way, quicker to have gone to Canberra! Also, two days before the BMF took place, the Hotel changed hands at auction, understandably Jack did not take part in the BMF this year.

Despite this, over two dozen people managed to make it to Katoomba to take part, several local new faces, and the reduced numbers allowed for a greater degree of informality than previously. The 2011 BMF was in effect a series of conversations about SF&F involving all present, rather than a presenters speaking to an audience type of event. The greatly reduced participation of Sydney residents made for a very much more 'local' BMF than last year's one, and most of the 'non-local' members were from outer Sydney.

Clearly, by popular acclaim the 'Book of the Freecon' this year was Bill Congreve's new collection, 'Souls along the Meridian'.

After the Freecon closed, a very productive meeting was held with a view to discussing if a Blue Mountains SF&F group should be started, and if so what form it should take. This meeting took place in the Jack Thompson memorial suite. A report on this what this meeting resolved will be available shortly.

Conclusion - Under these very challenging circumstances the 2011 BMF would have to be considered to be a success and a repetition in 2012 is anticipated, however based on what we learnt from discussing this year's BMF the date for a 2012 BMF is likely to be closer to April, and the location may well be 'down the line', towards Penrith, as even most Blue Mountains locals had to go 'up the line' to attend this year's Katoomba BMF and none came down from Lithgow etc. and there will have to be a greater emphasis on Writer Guests.

Winterfest 2011 Report

Winterfest is an annual medieval re-enactment fair held in Parramatta Park. With the welcome and needed assistance of some keen gamers, Infinitas ran a stall demonstrating games and making sales. We did also all get the chance to see some of the displays put on by local clubs and enthusiasts. There were many combat demonstrations in various styles, which hopefully looked more dangerous than they really were. It was a friendly crowd allowing a fun weekend. My family enjoyed themselves as did many others. <http://www.winterfest.com.au/>

Book Reviews

Feel welcome to submit a book review for us to publish here. If you have read a book and have an opinion on it share it with the other readers in our community. Also, in the shop we have several books for which we are seeking reviewers, and would exchange for a review.

America Pacifica by Anna North, reviewed by Len Newland

<http://www.infinitas.com.au/Product.php?bar=9781844086962>

Author North posits that the oops! ice age (not global warming) will have arrived in the next thirty years, wiping out all Americans except fifty thousand refugees on an oddly tropical artificially extended Pacific island (rest of the world ignored). This allegorical microcosm is ruled by a dictatorship that keeps the top five hundred people living like billionaires in New York City and the rest in abject squalor. Squalor girl Darcy's mother disappears, and the story question is how this disappearance links to the social structure.

Begin reading knowing that single point of view character Darcy is female and eighteen; both points are clarified early, but I was initially confused. Darcy has no special abilities or resources to search for her mother, only determination to succeed. She focusses on pertinent facts and emotional aspects of the setting up of Pacifica, but does seem a little detached from physical problems like her broken leg. It's not clear to me why she comes to be regarded as a public hero; I assume that's propaganda by the revolutionaries. The ending is logical, fatalistic. Four stars out of five for a straightforward read about the pathos of the human race.

Trail of Deceit by Ken Enderby and Greg Rickards, reviewed by Rod McLeod

<http://www.infinitas.com.au/Product.php?bar=9780980830903>

Supertitled Volume 1 of 'The Last Safe Seasons', cover art by Nick Stathopoulos.

I can really recommend this book. It is an ambitious new mystery/fantasy, set in a feudal style, pre-industrial world with practising users of magic. The mystery drives the unfolding plot, which is quite distinctive. There is an entertaining story with twists slowly developing, as an expedition travels into the far country of The Great Border Forest, searching for an artefact, which has been lost for centuries after a doomed military expedition. There are complex characters of soldiers, landed feudal leaders and meijornai or spellcasters, with a culture bound together by honour and obligation. The story is leading to an epic edge. Intriguing and inviting: this could go in many different directions. The website promises an outstanding mystery.

This mystery adventure develops over four volumes. This first volume, Trail of Deceit has the packed writing style of prequel, with the necessity to provide a large back-story for culture, wars, characters and the gods in their higher realms, who speak occasionally. The expedition of strongly contrasting characters provides heroism, courage and romance. By necessity, the plotlines slowly develop, with plenty of background detail provided. The story steadily increases in pace, with the last quarter of the book bringing many plotlines together. This is not really a stand-alone novel. There's a lot more of the story to come in the next volumes.

The book has an odd structure, with each chapter being written from the point of view of one character and those chapters follow an order: Troran, Virdyn, Airu, Kaiyl. There are two female and two male characters and the contrasting first person point of view of the 17 year old Chelmryn. This provides great depth, as age and gender provide new viewpoints. It has some minor literary tics, such as the use of 'Of a sudden' and repeated internal questioning of the characters, which occasionally annoy.

The personal details of the writers are fascinating. Ken Enderby provides info on the characters, world and cultural history, the history of the books, the life stories (and death of Greg Rickards) on his website: www.lastsafeseasons.com

RealmShift by Alan Baxter, reviewed by Adam Bales

<http://www.infinitas.com.au/Product.php?bar=9780980578201>

When you see that a book is self published, it doesn't fill you with confidence. So, I picked up Realmshift when I had a few spare moments to fill. When I put it down, I found I didn't want to - it had hooked me.

Realmshift tells the story of Isiah, an immortal who is the agent of an entity called the Balance, which attempts to ensure that no religion dominates all others. A woman who will help preserve a tribal religion is in danger but, to save her, Isiah must protect a cruel man from the rage of Lucifer.

The book is always on the move and it explores an interesting mix of mythologies which makes it a rich novel. It is not the sort of book that will win awards and shows signs of being a first novel but, for all that, it is an enjoyable read.

***The Steel Remains* by Richard Morgan, reviewed by Garry P Dalrymple**

<http://www.infinitas.com.au/Product.php?bar=9780575084810>

A long way into the book the title is explained, but in a sense the thought is current through most of the story. The title is explained in a brief conversation between two of the characters about the distant future. In this future, despite all the immediacy and turmoil of the situation that they are in, all that the characters have achieved will be ancient history, just names and dates, except for the metal of their weapons that will remain silent in glass cases for citizens of the future to gawk at in Museums on school excursions etc. I well remember a similar five foot sword that I would go and look at most weeks at the old Museum of Applied Arts and Sciences.

This is a review of Richard Morgan's book 'The Steel Remains'. If you want an entirely positive review of a Fantasy book, read the first and the last paragraphs of this review, the bits in between are the too demanding opinions of a reader of too much Science Fiction! I started reading 'The Steel Remains' with a view that anyone who can write good SF, storytelling where the familiar is inverted into the new and novel usually via a technological 'What if?' and still makes sense, can write above average Fantasy, by inverting slightly the prevailing well known forms of that Genre to come up with something that might be a fresh treatment? Nothing I have read in 'The Steel Remains' contradicts this view.

'The Steel Remains' is a decent read, a quest story of fighting companions drawn together once again to meet one more threat.

The story is set on a world that might be Earth, after the Moon is shattered into a Ring and a medieval fundamentalist culture prevails. Four sorts of 'people' are involved. Human, Kiriath, Dwenda and possibly even Gods / primal Spirit creatures.

The by now mythic Dwenda used to rule the place, with Magic / technological / nearly Godlike powers, but they were defeated by the Kiriath and are now for the most part the stuff of Myth and legend. The Kiriath, modified humans, or just humans changed by their travels and technology, came from somewhere else in their Flame ships, across Space or across the dimensions of inner space? They have since done an Elvis, leaving behind Archeth and some scattered technology. The Humans are at a Medieval political and technological stage of development, a society stuck in a Millennia long Middle ages?

The three main characters are a Archeth, Half-Kiriath woman, Egar a Steppe Nomad warrior and Ringil, a fighting man of privileged birth whose criminalised sexuality has alienated him from his home society, he was forced to attend the publicly execution by grotesque torture his first teenage Gay lover. The three met a decade earlier when Lizard men and Dragons invaded from the sea, threatened humanity with extinction and had to be repulsed by a rare unity of purpose among this world's human societies, with Kiriath assistance. The Kiriath were Black skinned, so extra bonus points there, Archeth is then a Black, half-breed Lesbian woman without family in a man's world. Surprisingly little is made of this, unless it is intended as an ironic comment on all the other 'half-' characters encountered in fiction and their alienation plus latent powers?

Archeth, at her Emperor's command is set to a search to explain why an Imperial Sea Port has been devastated, blasted out of existence by unknown insurgents Ringil is asked by his Mum to recover a Cousin sold off into Slavery by her husband's debts and Egar is getting tired of the Plains drifter life even as Clan leader before the a shape shifting god / nature spirit sets his brothers on the course to fratricide, for the good of old time traditions.

The Dwenda haven't been seen for a real long time, the Kiriath depart, and then the strange things start happening. Each is set on a path to a re-union and a showdown. Dwenda meddle in the affairs of men and shape shifting Gods appear and speak to men once more taking sides in a conflict? The Companions unite in the face of a Dwenda attack and they prevail, to philosophise on survivor guilt in a beer garden on a sunny afternoon (and Lashings of Ginger Beer!).

The Homosexuality of Ringil is essential to the plot. He encounters, fights and then has a sexual relationship with a Dwenda (how likely is that?). His encounters are described in as much detail as are the fight scenes, as they are probably as pivotal to the progress of the story as the fight scenes, however the Lesbian inclinations of Archeth are not as well treated (look but do not touch!), she might as well have be a eunuch for the purposes of the story.

If she had been an 'available' woman, in a masculine warrior dominated society then her life and interactions on a quest with male companions would have been much more complex? Is this the new prudery, Male to Male sex is OK in the furtherance of a plotline, but describing Male / Female or Female / Female sex would be 'pornographic', or worse, non-PC?

The Faults of this Book were only those of Fantasy generally. SF, in exploration of a 'What If' has to make sense, Fantasy doesn't. With Fantasy the ride and the scenery matter, not the basis of Quest. For example in this story, set on a Planet with a known history of 4,000 or more years, has no one ever thought of guns? Secondly, the Dwenda with their nearly Ghodlike powers of magic/technology choose to fight humans in nearly equal combat in armour and with blade weapons, not blasters or even Jedi light sabres, dramatic, but dumb!

If you read Fantasy then you will probably enjoy this book a lot. What I most enjoyed about this book was the 'realism' of the world of the Quest. Life was horrible for most, and in society of intolerance and unequals, social status was precarious, certainly in this story there was no hearkening back to a Golden Age of Heroes.

Expand your mind, Enter new worlds.

Information on the Infinitas Groups

New members always welcome at all the groups, if interested just come along. For current detailed information on these groups, visit our forums.

SF Discussion Group: At the February meeting a quorum of 4 decided to suspend meetings until September. Low attendance in part due to work, life, death, birth and illness has led to this. They have been meeting monthly for years in the shop. If interested in joining a new start for the group, enquire at the shop. <http://www.infinitas.com.au/ReadersGroup.php>

Urban Fantasy Book Club: Meets on the second Thursday of each month at 6:30pm. BYO wine and nibbles to share (not required). A title is usually selected to start the discussion.
Thursday 14th July 2011:

The Eyre Affair by Jasper Fforde

Thursday 11th August 2011:

Blue Diablo by Ann Aguirre

Review Group: The review group meets on the third Thursday of each month at 6.30pm. Two books are chosen by group members for each meeting with participants encouraged to have read at least one prior to the meeting. The discussion is generally serious and insightful, we usually share a bottle or 2 of wine with cheese – contributions gratefully drunk. All welcome. <http://www.infinitas.com.au/ReviewGroup.php>
Thursday 21st July 2011:

The Way of Kings by Brandon Sanderson

Thursday 18th August 2011:

Hominids by Robert Sawyer

Writers' Group: This group is for people who are currently writing (or even trying to write) science fiction, fantasy and horror related stories and pieces. Meetings are the 3rd Saturday of most months - get on the email list to confirm meetings. <http://www.infinitas.com.au/WritersGroup.php>

Board Games:

First Thursday of each month. Come play board games at the shop. If you prefer a particular game, bring it along and suggest it to the group. Contact the shop for details. Wizards of the Coast have donated Castle Ravenloft to play, and we have Blokus, scrabble and others.

Dungeon & Dragons Delve Days: Play a short game of 4th edition D&D, one or two encounters only. Every second Saturday morning starting at 9:30am. BYO dice. This month the shop is closed 2 Saturdays so next game is Sat 18-06-2011. <http://www.infinitas.com.au/DungeonsAndDragonsAtInfinitas.php>

Pathfinder: We are looking for players and GM to get some regular games on Saturday mornings. Talk to us if interested.

Magic the Gathering: Play Magic Cards at the shop. Current schedule is a limited booster draft on the fourth Thursday of the Month at 5.30pm (not Dec). Please contact us if you are running late. <http://www.infinitas.com.au/MTGatInfinitas.php>

Infinitas Forums: Visit the forums behind our website to read or post genre news, gossip, find role playing games, or just meet other fans. Deeper than Midnight (Midnight Breed 09) PB \$19.95 www.infinitas.com.au/Product.php?bar=9780440246114

DELIVERED FROM THE DARKNESS, A WOMAN FINDS HERSELF PLUNGED INTO A PASSION THAT IS DEEPER THAN MIDNIGHT.

At eighteen, Corinne Bishop was a beautiful, spirited young woman living a life of privilege as the adopted daughter of a wealthy family. Her world changed in an instant when she was stolen away and held prisoner by the malevolent vampire Dragos. After many years of captivity and torment, Corinne is rescued by the Order, a cadre of vampire warriors embroiled in a war against Dragos and his followers. Her innocence taken, Corinne has lost a piece of her heart as well—the one thing that gave her hope during her imprisonment, and the only thing that matters to her now that she is free.

Assigned to safeguard Corinne on her trip home is a formidable golden-eyed Breed male called Hunter. Once Dragos's most deadly assassin, Hunter now works for the Order, and he's hell-bent on making Dragos pay for his manifold sins. Bonded to Corinne by their mutual desire, Hunter will have to decide how far he'll go to end Dragos's reign of evil—even if carrying out his mission means shattering Corinne's tender heart.

Harmonic & Gig APB \$19.95 www.infinitas.com.au/Product.php?bar=9780980634143

When a territory engineer dies in suspicious circumstances, three qverse experts are brought in to investigate. The first and best of them is Sydney-sider Regina 'Harmonica' Carter, a middle-aged divorcee presently saddled with her youngest son, Lucas. Her main opposition is long-time rival Felix 'Gig' McGuiggen, a tortured twenty-something who lives in his parents' basement and believes strongly that his designer genes are the source of all his problems. Last and certainly least is Lloyd 'Talobos' Hong, a neurotic online transvestite who sublimates his fears with alcohol. Initially they choose to work separately on the case, but as they continue their investigations they discover clues leading to some of the most powerful figures in the qverse. Soon they realise they are more than just investigating the crime, they are part of it, and part of an even greater scheme to unbalance the long established foundations of the qverse itself.

Kindling the Moon (Arcadia Bell) PB \$19.95 www.infinitas.com.au/Product.php?bar=9781451620528

Meet Arcadia Bell: bartender, renegade magician, fugitive from the law. . . .

Being the spawn of two infamous occultists (and alleged murderers) isn't easy, but freewheeling magician Arcadia "Cady" Bell knows how to make the best of a crummy situation. After hiding out for seven years, she's carved an incognito niche for herself slinging drinks at the demon-friendly Tambuku Tiki Lounge.

But she receives an ultimatum when unexpected surveillance footage of her notorious parents surfaces: either prove their innocence or surrender herself. Unfortunately, the only witness to the crimes was an elusive Æthyric demon, and Cady has no idea how to find it. She teams up with Lon Butler, an enigmatic demonologist with a special talent for sexual spells and an arcane library of priceless stolen grimoires. Their research soon escalates into a storm of conflict involving missing police evidence, the decadent Hellfire Club, a ruthless bounty hunter, and a powerful occult society that operates way outside the law. If Cady can't clear her family name soon, she'll be forced to sacrifice her own life . . . and no amount of running will save her this time.

After America (Without Warning 02) BPB \$22.99 www.infinitas.com.au/Product.php?bar=9780330404129

"Our world went to hell on March 14, 2003."

Four years after an inexplicable wave of energy decimated the American mainland, and then just as inexplicably disappeared a year later, US President James Kipper is no closer to explaining the catastrophe to the traumatised survivors.

In a decaying New York City, an assassination attempt on the President prompts the suspicion that the looters overrunning Manhattan may be more organised and sinister than previously thought.

Working on a farm in Texas to earn his citizenship, Miguel Pieraro believes in the promise of the New America. That is until tragedy cuts through his family.

In the English countryside, Echelon agent Caitlin Monroe must once again fight for her life, a sharp reminder that her nemesis is active again.

Then out of the smoking ruin of the Middle East comes an enemy that will be Kipper's toughest challenge yet. The battle for the Wild East is just beginning, but does this New America, and its gun-shy President, have the strength of will to destroy the past in order to save the future?

Planet of the Apes BPB \$12.95 www.infinitas.com.au/Product.php?bar=9780099529040

A chilling dystopian vision of the ultimate role reversal, a cult hit since the 1960s. In a spaceship that can travel at the speed of light, Ulysse, a journalist, sets off from Earth for the nearest solar system. He finds there a planet which resembles his own, but on Soror humans behave like animals, and are hunted by a civilised race of primates. Captured and sent to a research facility, Ulysse must convince the apes of their mutual origins. But such revelations will have always been greeted by prejudice and fear. . . .

Bearers of the Black Staff (Legends of Shannara 01) BPB \$22.99 www.infinitas.com.au/Product.php?bar=9781841495859

Five hundred years have passed since the devastating demon-led war that almost exterminated humankind. Those who escaped the carnage were led to sanctuary by the boy saviour known as Hawk: the gypsy morph. But now, the unimaginable has come to pass: the cocoon of protective magic surrounding the valley has vanished. When Sider Ament, last surviving Knight of the Word, detects unknown predators stalking the valley, and Trackers from the human village of Glensk Wood find two of their own gruesomely killed, there can be no doubt: the once safe haven of generations has been laid bare. Together, the young Trackers, the aging Knight and a daring Elf princess race to spread word of the encroaching danger. But suspicion and hostility among their countrymen threaten to doom their efforts from within, while beyond the breached borders, a ruthless Troll army masses for invasion. Standing firm between the two, the last wielder of the black staff and its awesome magic must find a successor to carry on the fight against the cresting new wave of evil.

Undercurrents (Orphan's Legacy 02) TP \$29.95 www.infinitas.com.au/Product.php?bar=9781439134498

#2 in the hard-hitting military science fiction Orphan's Legacy series. Ace intelligence operative Lt. Jazen Parker parachutes into a giant habitat known as Paleozoic on a mission to bring down the local politicians. He quickly realizes he's been handed a near-impossible task. Paleozoic is a politically-quarantined nightmare world with a culture confined to iron rivet technology and a ruling regime a bit to the right of Heinrich Himmler. Jazen's inclined to abandon this particular hellhole to its ways – that is, until he uncovers a plot afoot that will throw a five hundred-planet alliance into the death-throes of anarchy.

So the local Nazis must go. Unfortunately, all Jazen's got to work with is a handful of rust-bucket tanks, a retread rebellion, and two strong, beautiful women who love him, but think he's tilting at windmills and is about to get himself killed. What they don't know is, once committed, Jazen Parker is the best there is when it comes to getting the dirty job done on the ground. It's the local bullies who are about to be taught a lesson in losing.

Storm Front (Dresden Files 01) BPB \$19.99 www.infinitas.com.au/Product.php?bar=9780356500270

Meet Harry Dresden, Chicago's first (and only) Wizard P.I. Turns out the 'everyday' world is full of strange and magical things - and most of them don't play well with humans. That's where Harry comes in. Harry is the best at what he does - and not just because he's the only one who does it. So when the Chicago P.D. has a case that transcends mortal capabilities, they look to him for answers. There's just one problem. Business, to put it mildly, stinks. So when the police bring him in to consult on a grisly double murder committed with black magic, Harry's seeing dollar signs. But where there's black magic, there's a black mage behind it. And now that mage knows Harry's name. And that's when things start to get . . . interesting. Magic - it can get a guy killed.

Meet Harry Dresden, Chicago's first (and only) Wizard P.I. Turns out the 'everyday' world is full of strange and magical things - and most of them don't play well with humans. That's where Harry comes in. Business has been slow lately for Harry Dresden. Okay, business has been dead. Not undead - just dead. You would think Chicago would have a little more action for the only professional wizard in the phone book. But lately, Harry hasn't been able to dredge up any kind of work - magical or mundane. But just when it looks like he can't afford his next meal, a murder comes along that requires his particular brand of supernatural expertise. A brutally mutilated corpse. Strange-looking paw prints. A full moon. Take three guesses. And the first two don't count . . . Magic - it can get a guy killed.

Meet Harry Dresden, Chicago's first (and only) Wizard P.I. Turns out the 'everyday' world is full of strange and magical things - and most of them don't play well with humans. That's where Harry comes in. Harry has faced some terrifying foes during his career. Giant scorpions. Oversexed vampires. Psychotic werewolves. It comes with the territory when you're the only wizard in town. But in all Harry's years of supernatural sleuthing, he's never faced anything like this: the spirit world's gone loco. All over town, ghosts are causing trouble - and not the door-slamming, boo-shouting variety. These ghosts are tormented, violent, and deadly. Someone is stirring them up to wreak havoc. But why? And why do so many of the victims have ties to Harry? If Harry doesn't figure it out soon, he might just wind up a ghost himself. Magic - it can get a guy killed.

Meet Harry Dresden, Chicago's first (and only) Wizard P.I. Turns out the 'everyday' world is full of strange and magical things - and most of them don't play well with humans. That's where Harry comes in. Since his girlfriend left town to deal with her newly acquired taste for blood, Harry's been down and out. He can't pay his rent. He's alienating his friends. He can't recall his last shower. Then when things are at their worst, the Winter Queen of Faerie saunters in with an offer Harry can't refuse. All he has to do is find out who murdered the Summer Knight, the Summer Queen's right-hand man, and clear the Winter Queen's name. It seems simple, but Faerie politics seldom work out that way. Then Harry discovers the fate of the entire world rests on this case. So no pressure . . . Magic - it can get a guy killed.

However, now vampire wars have thinned out the wizards a little, they need him. So before he can blink, he's assigned to investigate rumours of black magic. Harry's other problem is an old friend's daughter - all grown-up and in trouble already. Her boyfriend insists he's innocent of something resembling a crime straight out of a horror film. This first impression turns out to be . . . well, pretty accurate, as Harry discovers malevolent entities feeding on fear. All in a day's work for a wizard, his dog, and a talking skull named Bob. Harry is the best and technically the 'only' at what he does, being the lone professional wizard PI in the Chicago phonebook. So when the Chicago PD has cases that transcend mortal capabilities, they come to him for answers. For the 'everyday' world is actually full of strange and magical things - and most of them don't play well with humans. Yet despite his precautions, Harry tends to stumble from crisis to drama in his dealings with the supernatural world - call it an occupational hazard. Here, he unfailingly manages to get on the wrong side of werewolf, fae and vampires alike. And that's where his own rather special powers come into play . . . These bite-sized stories are tremendously entertaining and will leave you itching to explore more of Harry Dresden's world. And as well as eight short stories, this collection will include an all-new Dresden Files novella.

Sick of hearing about vampires? So is Meena Harper.

Meena Harper is familiar with the supernatural. After all, she knows how you're going to die (Not that you're going to believe her. No one ever does.) But not even Meena's precognition can prepare her for Lucien Antonescu—who she meets and then makes the mistake of falling in love with—a modern-day prince with a bit of a dark side for which an ancient society of vampire hunters would prefer to see him dead.

The problem is Lucien's already dead. Maybe that's why he's the first guy Meena's ever met with whom she could imagine herself having a future. See, while Meena's always been able to see everyone else's destiny, she's never been able to look into her own. Lucien seems to be everything Meena has ever dreamed of in a boyfriend, though he might turn out to be more of a nightmare.

So now would be a good time for Meena to start learning to predict her own future . . . if she has one.

Soulless (*Parasol Protectorate 01*) BPB \$19.99 www.infinitas.com.au/Product.php?bar=9781841499727

Alexia Tarabotti is labouring under a great many social tribulations. First, she has no soul. Second, she's a spinster whose father is both Italian and dead. Third, she was rudely attacked by a vampire, breaking all standards of social etiquette. Where to go from there? From bad to worse apparently, for Alexia accidentally kills the vampire - and then the appalling Lord Maccon (loud, messy, gorgeous, and werewolf) is sent by Queen Victoria to investigate. With unexpected vampires appearing and expected vampires disappearing, everyone seems to believe Alexia responsible. Can she figure out what is actually happening to London's high society? Or will her soulless ability to negate supernatural powers prove useful or just plain embarrassing? Finally, who is the real enemy, and do they have treacle tart? **SOULLESS** is a comedy of manners set in Victorian London: full of werewolves, vampires, dirigibles, and tea-drinking.

Changeless (*Parasol Protectorate 02*) BPB \$19.99 www.infinitas.com.au/Product.php?bar=9781841499741

Alexia Tarabotti, now Lady Maccon, awakens in the wee hours of the mid-afternoon to find her husband, who should be decently asleep like any normal werewolf, yelling at the top of his lungs. Then he disappears - leaving her to deal with a regiment of supernatural soldiers encamped on her doorstep, a plethora of exorcised ghosts, and an angry Queen Victoria. But Alexia is armed with her trusty parasol, the latest fashions and an arsenal of biting civility. Even when her investigations take her into the backwaters of ugly waistcoats, Scotland, she is prepared: upending werewolf pack dynamics as only a soulless can. She might even find time to track down her wayward husband, if she feels like it.

Blameless (*Parasol Protectorate 03*) BPB \$19.99 www.infinitas.com.au/Product.php?bar=9781841499734

Quitting her husband's house and moving back in with her horrible family, Lady Maccon becomes the scandal of the London season. Queen Victoria dismisses her from the Shadow Council and the only person who can explain anything, Lord Akeldama, unexpectedly leaves town. To top it all, Alexia is attacked by homicidal mechanical ladybugs, indicating, as only ladybugs can, the fact that all the London vampires are now very much interested in seeing Alexia quite thoroughly dead. While Lord Maccon elects to get progressively more inebriated and Professor Lyall desperately tries to hold the Woolsey werewolf pack together, Alexia flees England for Italy in search of the mysterious Templars. Only they know enough about the preternatural to explain her increasingly inconvenient condition, but they may be worse than the vampires - and they're armed with pesto.

New York jeweller Gareth James has her fair share of problems: money, an elderly father, a struggling business. One day she comes across an antiques shop she'd never noticed before. The owner possesses an old silver box that's been sealed shut. Would she help an old man and open it, perhaps? She does...and that night strange things begin to happen. It's as if her world - our world - has shifted slightly, revealing another, parallel place that co-exists without our knowledge: the world of the Fey...

Gareth learns that one of her ancestors was 'the Watchtower': an immortal chosen to stand guard over the human and the fey worlds - a role that she has, it seems, inherited from her mother. But the equilibrium between these two existences is under threat. The 16th-century magician and necromancer Dr John Dee has returned, the box has been opened and the demons of Despair and Discord released. In a race against time and impending apocalypse, it is Gareth who must find Dee...and close the box.

Only his prowess as a ruthless killer has set him apart, elevating him to the inner circle of Arsinae, queen of the ancient vampire house of Ptolemy. But all he has gained over the centuries of his life is threatened as an invisible evil is unleashed upon the noble house he serves, fracturing fragile alliances and sparking talk of all-out war between the vampire clans. It falls to Ty, most favored hunter of the queen, to find the one mortal who may be able to save the Ptolemy: a Seer. But finding one of that ancient bloodline is far more difficult than anyone anticipated, and time is running out...until Ty meets Lily Quinn, the only woman he has ever struggled to resist, and the one woman he is forbidden to have.

Lily may be exactly what Ty needs, a mortal Seer whose visions will allow the dynasty to root out the source of all its troubles, and take revenge. But as Ty carelessly turns Lily's well-ordered world upside down, he soon discovers that the beautiful professor is much more than she seems. For Lily bears the mark of a dynasty long dead, and her secrets threaten to rock the very foundations of the vampire underworld. An eleventh-century lass with a stubborn streak unleashes the red-hot hero inside her modern lover in bestselling author Janet Chapman's irresistible new Midnight Bay adventure.

Trace Huntsman's peaceful life has headed to hell in a hand-basket ever since stunningly beautiful Fiona Gregor moved into the vacant apartment above his house. Kidnapped centuries earlier and transformed into a red-tail hawk, Fiona is human once more and must learn how to be a modern woman. But damned if Trace is going to be the one to teach her. Not when her mere presence ignites a fiery passion deep within his cautious heart.

Fiona longs to overcome the painful memories of her tragic past—to let down her guard and become a mother again. But so far her handsome landlord is not exactly thrilled with the stray animals—and suitors—that keep following her home. When the wizard Maximilian Oceanus shows up, Trace reaches the end of his rope. Weird things happen when Mac is around—raging storms, snarling demons—but this time, Midnight Bay is at the center of a fierce battle, and Fiona is the primary target. Only Trace can save her, but first, the lovers must set aside their fears . . . and open up their hearts.

Gair is under a death sentence. He can hear music - music with power - and in the Holy City that means only one thing: he's a witch and he's going to be burnt at the stake. Even if he could escape, the Church Knights and their witchfinder would be hot on his heels while his burgeoning power threatens to tear him apart from within. There is no hope...none, but a secret order, themselves persecuted almost to destruction. If Gair can escape, if he can master his own growing, dangerous abilities, if he can find the guardians of the Veil, then maybe he will be safe. Or maybe he'll discover that his fight has only just begun.

Legions of Fire (Elements 01) APB \$19.95 www.infinitas.com.au/Product.php?bar=9780765360458

In this novel of magical menace to the survival of all humanity, David Drake introduces a new fantasy world, Carce, based on Europe during the later Roman Empire.

Far in the north, a group of magicians perform a strange dance on a volcanic island intended to open a gateway for supernatural creatures that will allow them to devastate the whole Earth and destroy all life. Two young men, Corylus and Varus, and two women, Hedia and Alphena, separately pursue the answer to mysterious happenings in Carce, the center of civilization. Through magical voyages in other realities where fantastic creatures, and even gods, help or hinder them, each of them must succeed or the world will end in fire.

Out of the Waters (Elements 02) HC \$49.95 www.infinitas.com.au/Product.php?bar=9780765320797

The wealthy Governor Saxa, of the great city of Carce, has generously and lavishly subsidized a theatrical/religious event. During this elaborate staging of Hercules founding a city on the shores of Lusitania, strange and dark magic turns the panoply into a chilling event. The sky darkens and the waves crash in the flooded arena. A great creature rises from the sea: a huge, tentacled horror on snake legs. It devastates the city, much to the delight of the crowd. A few in the audience, although not Saxa, understand that this was not mere stagecraft, but something much darker and more dangerous. If all signs are being read right, this illusion could signify a dreadful intrusion of supernatural powers into the real world. Saxa's son, Varus, has been the conduit for such an event once before.

This new novel in David Drake's chronicles of Carce, *The Books of the Elements*, is as powerful and elaborate as that fantastic theatrical event, a major fantasy for this year.

David Drake's two Tom Kelly technothrillers in one volume. Day-after-tomorrow technothriller action with a raw, gritty and extremely effective hero you might want to forget, but can't, fending off Soviet aggression and alien attack.

Skyripper

During the Cold War, a Soviet scientist has knowledge the Earth will be attacked by aliens, but only the U.S. has the laser-based technology to knock out the alien weaponry. Enter Tom Kelly, American spy, navigator of the U.S. intelligence agency spaghetti, and ruthlessly effective operative when it comes to doing his job. Kelly will get the information into the right hands to save most of humanity – but in the process, he's prepared to annihilate anyone who gets in the way of his duty.

Fortress

Tom Kelly and his ruthless, adventurous ways return in an alternate past as JFK builds a space station to guard against alien attack. Now nefarious forces with the Soviet Union as well as actual, evil aliens are trying to turn it against Earth, and the U.S. THEY may have the high ground and the element of surprise on their hands, but WE have Tom Kelly. Hugo Award finalist and Robert A. Heinlein Award-winning SF writer Michael Flynn now turns to space opera in *The January Dancer*, with stunningly successful results. Full of rich echoes of the space opera classics from Doc Smith to Cordwainer Smith, it tells the fateful story of an ancient pre-human artifact of great power, and the people who found it. Starting with Captain Amos January, who quickly loses it, and then the others who fought, schemed, and killed to get it, we travel around the complex, decadent, brawling, mongrelized interstellar human civilization it might save or destroy, following the searchers for it. Collectors want the Dancer; pirates take it; rulers crave it, and they'll all kill if necessary to get it. This is as thrilling a yarn as any ever in the whole history of SF. This is a story of love, revolution, music, and mystery, and ends, as all great stories do, with shock and a beginning.

The Shared Dream HC \$49.95 www.infinitas.com.au/Product.php?bar=9780765313546

Kathleen Ann Goonan introduced Sam Dance and his wife, Bette, and their quest to alter our present reality for the better in her novel In War Times (winner of the John W. Campbell Memorial Award for Best Novel and ALA's Best Science Fiction Novel of 2008). Now, in This Shared Dream, she tells the story of the next generation.

The three Dance kids, seemingly abandoned by both parents when they were younger, are now adults and are all disturbed by memories of a reality that existed in place of their world. The older girl, Jill, even remembers the disappearance of their mother while preventing the assassination of JFK.

Goonan has created a new kind of utopian SF novel, in which the changes in history have created a present world that is in many ways superior to our own, while in other worlds people strive to prevent their own erasure by restoring the ills to ours. This Shared Dream is certainly the most provocative SF speculation of the year, and perhaps the decade.

A corpse discovered in nearly the same situation as that of Marshall Donegal, the patriarch killed in a skirmish just before the Civil War.

Desperate for help traditional criminologists could never provide, plantation heiress Ashley Donegal turns to an elite team of paranormal investigators who blend hard forensics with rare—often inexplicable—intuition. Among the "Krewe of Hunters" is an old friend, Jake Mallory, a gifted musician with talent stretching far beyond the realm of the physical, and a few dark ghosts of his own.

The evil the team unveils has the power to shake the plantation to its very core. Jake and Ashley are forced to risk everything to unravel secrets that will not stay buried—even in death....

Ghost Moon APB \$12.99 www.infinitas.com.au/Product.php?bar=9781921794438

Reclusive collector Cutter Merlin is seldom seen in Key West — and lately, not at all. Officer Liam Beckett visits Merlin's curious house and discovers the gentleman in his study. In his death grip is a volume of occult lore and a reliquary. His eyes are wide with fright and his mouth a horrified gape where spiders now dwell.

Kelsey Donovan returns to the old house to catalogue her estranged grandfather's collection of artefacts and antiquities — vowing to see his treasures divested properly. But she cannot ignore the sense that she's being watched, the reports of malevolent black figures, and the pervasive smell of death. Is the Merlin house haunted, or even cursed? Liam knows well that some ghost stories are true and he swears to protect Kelsey. But there are forces at work for whom one more life is a pittance to pay for their deepest desire...

The Ghost of Greenwich Village TP \$29.95 www.infinitas.com.au/Product.php?bar=9780345526212

In this charming fiction debut, a young woman moves to Manhattan in search of romance and excitement—only to find that her apartment is haunted by the ghost of a cantankerous Beat Generation writer in need of a rather huge favor.

For Eve Weldon, moving to Greenwich Village is a dream come true. She's following in the bohemian footsteps of her mother, who lived there during the early sixties among a lively community of Beat artists and writers. But when Eve arrives, the only scribe she meets is a grumpy ghost named Donald, and the only writing she manages to do is for chirpy segments on a morning news program, *Smell the Coffee*. The hypercompetitive network environment is a far cry from the genial camaraderie of her mother's literary scene, and Eve begins to wonder if the world she sought has faded from existence. But as she struggles to balance her new job, demands from Donald to help him complete his life's work, a budding friendship with a legendary fashion designer, and a search for clues to her mother's past, Eve begins to realize that community comes in many forms—and that the true magic of the Village is very much alive, though it may reveal itself in surprising ways.

Blood Work (Hollows) HC \$47.95 www.infinitas.com.au/Product.php?bar=9780345521019

When Ivy met Rachel, the result wasn't exactly love at first sight. Sparks flew as the living vampire and the stubborn witch learned what it meant to be partners. Now Kim Harrison, the acclaimed author of *Pale Demon* and *Black Magic Sanction*, turns back the clock to tell the tale—in an original full-color graphic novel.

Hot-as-hell, tough-as-nails detective Ivy Tamwood has been demoted from homicide down to lowly street-crime detail. As if rousting trolls and policing pixies instead of catching killers wasn't bad enough, she's also been saddled with a newbie partner who's an earth witch. It's enough to make any living vampire bare her fangs. But when a coven of murderous witches begins preying on werewolves, Rachel Morgan quickly proves she's a good witch who knows how to be a badass.

Together, Ivy and Rachel hit the mean streets to deal swift justice to the evil element among Cincinnati's supernatural set. But there's more to their partnership than they realize—and more blood and black magic in their future than they bargained for.

Hexed (Iron Druid 02) APB \$22.99 www.infinitas.com.au/Product.php?bar=9780732292911

2,100-year old Atticus O'Sullivan, last of the Druids, discovers that he is in high demand after killing an ancient Celtic god. Gods from many other pantheons want him to knock off their rivals, and everyone -- even his lawyer -- wants him to teach Thor, the Norse thunder god, a fatal lesson. But that's just the beginning of our hero's troubles. Coyote, a Native American trickster god, is knocking on his door for help slaying a giant demon that's been preying on his people. A horde of sexy Bacchantes from Las Vegas are bringing their deadly brand of decadence to the sleepy desert town. And worse yet, a band of diabolical leather-clad Nazi witches are on the hunt -- for Atticus! Atticus has survived for two millennia on the strength of his wits, street smarts, and awesome magic powers -- and a little help from his friends, which include a Viking werewolf and a vampire lawyer -- but will it be enough to save him this time?

Thor, the Norse god of thunder, is worse than a blowhard and a bully—he's ruined countless lives and killed scores of innocents. After centuries, Viking vampire Leif Helgarson is ready to get his vengeance, and he's asked his friend Atticus O'Sullivan, the last of the Druids, to help take down this Norse nightmare.

One survival strategy has worked for Atticus for more than two thousand years: stay away from the guy with the lightning bolts. But things are heating up in Atticus's home base of Tempe, Arizona. There's a vampire turf war brewing, and Russian demon hunters who call themselves the Hammers of God are running rampant. Despite multiple warnings and portents of dire consequences, Atticus and Leif journey to the Norse plain of Asgard, where they team up with a werewolf, a sorcerer, and an army of frost giants for an epic showdown against vicious Valkyries, angry gods, and the hammer-wielding Thunder Thug himself.

Reindeer People (Reindeer People 01) BPB \$19.99 www.infinitas.com.au/Product.php?bar=9780007425440

The Reindeer People is the first in a series of reissues of Megan Lindholm's (Robin Hobb) classic backlist titles. It is set in the harsh wilderness of a prehistoric North America, and tells the story of a tribe of nomads and hunters as they try to survive, battling against enemy tribes, marauding packs of wolves and the very land itself.

Living on the outskirts of the tribe Tillu was happy spending her time tending her strange, slow dreamy child Kerlew and communing with the spirits to heal the sick and bring blessing on new births.

However Carp, the Shaman, an ugly wizened old man whose magic smelled foul to Tillu desired both mother and child. Tillu knew Carp's magic would steal her son and her soul. Death waited in the snows of the Tundra, but Tillu knew which she would prefer...

Gritty and realistic, it's reminiscent of Jean Auel's Clan of the Cave Bear but written in the compelling style of the author who produced the bestselling Assassin's Apprentice.

Wolf's Brother (Reindeer People 02) BPB \$19.99 www.infinitas.com.au/Product.php?bar=9780007425433

Kerlew stared at the immense stone that jutted up from the tundra. Power radiated from it like heat from a fire. It attracted the boy and filled him with fear.

And then he was alone.

There was a brush of sound, of dark moving shadows and then the sudden flash of a glistening eye. He pressed his palms back against the stone's rough surface and faced the night creatures that surrounded him.

The magic is strong in Kerlew. Every day it grows, reaching out to the Wolf spirit that will be his guide. But the magic in Kerlew that calls to the beasts and to the spirit world also calls to Carp, the evil old shaman, who follows Kerlew and his mother, Tillu, across the frozen wastes. When he finds them, he will bind them to him, and shape Kerlew's powers for his own uses.

What he says before he dies is that there will be five dark days in the life of his grandson -- five dates whose terrible events Jimmy will have to prepare himself to face. The first is to occur in his 20th year; the second in his 23rd year; the third in his 28th; the fourth in his 29th; the fifth in his 30th.

Rudy is all too ready to discount his father's last words as a dying man's delusional rambling. But then he discovers that Josef also predicted the moment of his grandson's birth to the minute, as well as his exact height, weight, and the fact that Jimmy would be born with syndactyly -- the unexplained anomaly of fused digits on his left foot. Suddenly, the old man's predictions take on a chilling significance.

What terrifying events await Jimmy on these five dark days? What nightmares will he face? What challenges must he survive? As the novel unfolds, picking up Jimmy's story at each of these crisis points, the path he must follow will defy every expectation. And with each crisis he faces, he will move closer to a fate he could never have imagined. For who Jimmy Tock is and what he must accomplish on the five days his world turns is a mystery as dangerous as it is wondrous -- a struggle against an evil so dark and pervasive only the most extraordinary of human spirits can shine through.

William Wiles is an easygoing thirty-something, a bartender who lives a quiet life alone until a serial killer singles him out -- not to kill him, but to force him to decide who the next victim will be. On his SUV Billy finds the first note:

'If you don't take this note to the police and get them involved, I will kill a lovely blonde schoolteacher. If you do take this note to the police, I will instead kill an elderly woman active in charity work. You have four hours to decide. The choice is yours.'

Billy pays an informal visit to an acquaintance, Lanny Olson, who is a policeman, and who thinks the note is a prank. The schoolteacher dies. The next note reverses the choices: if Billy takes the note to the police, a mother of two young children will die. If he doesn't, an unmarried man who won't be much missed will die. Lanny has to take this note seriously but the deadline runs out before he can decide how to make his involvement official. Billy doesn't hear from him again because Lanny himself, unmarried, who will not be much missed, has become the next victim.

There will be more communications from the killer, more hideous choices, with ever tighter decision times, and with each choice Billy is drawn deeper into an accelerating nightmare, which steadily becomes more personal, more confrontational, until he is isolated, with no one to turn to and no one to rely on but himself. Finally he must risk everything to save the intended victims ...

The Husband BPB \$19.99 www.infinitas.com.au/Product.php?bar=9780007368273

A suspense novel -- and love story -- from one of the most acclaimed and popular authors of modern times.

What would you do for love? Would you die? Would you kill?

Landscape gardener Mitchell Rafferty was busy planting beds of impatiens for one of his clients when his phone rang. It was a voice he didn't know.

'We have your wife. You can get her back for two million cash.'

Now he's standing in a normal suburban neighbourhood on a bright summer day having a phone conversation out of his darkest nightmare.

Mitch thinks it must be some kind of a joke. But whoever is on the other end of the line is dead serious. 'See that guy across the street?'

Rifle fire shatters the stillness as the man goes down, shot in the head. 'An object lesson.'

The caller doesn't care that Mitch has no way of raising such a vast sum. He's confident that Mitch will find a way. 'If he loves his wife enough.'

Mitch does love her enough. He's got sixty hours to prove it. He'll pay anything. He'll pay a lot more than two million dollars.

A story of love, tenacity and courage with the pace of a runaway train, from its tense opening to its shattering climax, THE HUSBAND is a thriller that holds the reader in its relentless grip.

After a day's work hefting brick and stone, Tim Carrier slakes his thirst at The Lamplighter Tavern. Nothing heavy happens there. It's a friendly workingman's bar run by his good friend Rooney, who enjoys gathering eccentric customers. Working his deadpan humour on strangers is, for Tim, all part of the entertainment.

But how could Tim have imagined that the stranger who sits down next to him one evening is about to unmake his world and enmesh him in a web of murder and deceit? The man has come there to meet someone and he thinks it's Tim. Tim's wayward sense of humour lets the misconception stand for a moment and that's all it takes: the stranger hands Tim a fat manila envelope, saying, 'Half of it's there; the rest when she's gone,' and then he's out the door.

In the envelope Tim finds the photograph of a woman, her name and address written on the back; and several thick packets of hundred-dollar bills.

When an intense-looking man sits down where the first stranger sat and glances at the manila envelope, Tim knows he's the one who was supposed to get it. Shaken, thinking fast, Tim says he's had a change of heart. He removes the picture of the woman and then hands the envelope to the stranger. 'Half what we agreed,' he says. 'For doing nothing. Call it a no-kill fee.'

Tim is left holding a photo of a pretty woman, but his sense of fun has led him into a very dangerous world from which there is no way back. The company of strangers has cost him his peace of mind, and possibly his life.

Dogs always do their best, and so will she. Whatever it takes. Riding shotgun nervously is her friend and lover, Brian, an architect who would marry her if only she were not so committed to these crazy ... heroics! He blames her work for her refusal to marry him. But everything is due to change in the Redwing household. Someone is trying to destroy Amy. Subtle intrusions escalate into terrifying assaults on everything she holds dear. Amy believes her attacker is Wes Greeley, just released after an eighteen-month stretch, thanks to Amy's testimony, for egregious animal cruelty. But if Greeley is the culprit, it's clear he's not working alone. At last Amy understands her need of Brian, and a lot more from her troubled past that has been hidden by her passion. Unable to turn to any authority, Amy and Brian are pressed to the edge of a precipice as Koontz's most emotionally devastating thriller races with inexorable speed to a wrenching climax. When he explains to the cops that his dad is safe and well and enjoying life as king of a land of elves, imps and banshees they understandably think he is a nutcase.

That is until he is rescued by Celtic warriors on horseback and taken back to Tir Na Nog, accidentally bringing a policeman with him.

Once safely back in The Land, Conor finds that all is not well. His father is dying, the girl he loves is betrothed to another and a rather confused American cop is wandering around causing havoc.

It falls to our young hero, and his band of friends, to find a cure for the king. On their epic journey they encounter one of the most mystical and dangerous races in The Land, the shapeshifting Pooka, and find their fates linked in ways they could never have imagined.

THE PRINCE OF HAZEL AND OAK is a stunning fantasy adventure that takes fans of SHADOWMAGIC further in to the land and brings back many of the favourite characters from the first book.

Everyone in Claysville knows that the Barrows are no ordinary family, but no one can really explain why. When respected matriarch Maylene Barrow dies suddenly her granddaughter Rebekkah returns to the small town she grew up in, where she must face the demons of her past -- the suicide of her half-sister Ella, the person she was closest to in the world, and the subsequent break-up of her parents' marriage. And she also re-encounters Byron, Ella's old boyfriend, someone to whom she has always felt a deep and mysterious connection.

But the demons of the past are nothing compared with what the future has in store for Rebekkah. Her grandmother has left her an inheritance both wonderful and terrible. An onerous responsibility now rests on her shoulders -- one for which she is ill-prepared to say the least.

For behind Claysville's community-spirited, small-town facade lies a dark secret. One that ties Rebekkah and Byron together in an inextricable bond, and that will require them both to sacrifice everything to keep their friends and neighbours from harm.

A DANCE WITH DRAGONS

A SONG OF ICE AND FIRE: BOOK FIVE

In the aftermath of a colossal battle, the future of the Seven Kingdoms hangs in the balance—beset by newly emerging threats from every direction. In the east, Daenerys Targaryen, the last scion of House Targaryen, rules with her three dragons as queen of a city built on dust and death. But Daenerys has thousands of enemies, and many have set out to find her. As they gather, one young man embarks upon his own quest for the queen, with an entirely different goal in mind.

Fleeing from Westeros with a price on his head, Tyrion Lannister, too, is making his way to Daenerys. But his newest allies in this quest are not the rag-tag band they seem, and at their heart lies one who could undo Daenerys's claim to Westeros forever.

Meanwhile, to the north lies the mammoth Wall of ice and stone—a structure only as strong as those guarding it. There, Jon Snow, 998th Lord Commander of the Night's Watch, will face his greatest challenge. For he has powerful foes not only within the Watch but also beyond, in the land of the creatures of ice.

From all corners, bitter conflicts reignite, intimate betrayals are perpetrated, and a grand cast of outlaws and priests, soldiers and skinchangers, nobles and slaves, will face seemingly insurmountable obstacles. Some will fail, others will grow in the strength of darkness. But in a time of rising restlessness, the tides of destiny and politics will lead inevitably to the greatest dance of all.

A novella and thirteen short stories of brilliant diversity, from a master of literary fantasy

Step into a London ravaged by unearthly creatures at once utterly alien and chillingly familiar. In China Mieville's award-winning novella *The Tain*, we learn the reason for the invaders' terrible revenge. One survivor must trek through the ruins of the city with a desperate plan to stand against their assault.

In addition to *The Tain*, this superb collection contains thirteen short stories, of visionary cityscapes and urban paranoia, ghosts, monsters and impossible diseases. Several of the stories are published here for the first time: these include one set in New Crobuzon, the location of the award-winning series of novels that began with *Perdido Street Station*; and one in comic-strip form, illustrated by top graphic artist Liam Sharp. This collection displays the sheer imaginative scope of China Mieville's work.

Brilliantly imaginative urban fantasy on a colossal scale from an award-winning author

The metropolis of New Crobuzon sprawls at the centre of its own bewildering world. Humans and mutants and arcane races throng the gloom beneath its chimneys, where the rivers are sluggish with unnatural effluent, and factories and foundries pound into the night. For more than a thousand years, the parliament and its brutal militia have ruled over a vast array of workers and artists, spies, magicians, junkies and whores. Now a stranger has come, with a pocketful of gold and an impossible demand, and inadvertently something unthinkable is released. Soon the city is gripped by an alien terror – and the fate of millions depends on a clutch of outcasts on the run from lawmakers and crime-lords alike. The urban nightscape becomes a hunting ground as battles rage in the shadows of bizarre buildings. And a reckoning is due at the city's heart, in the vast edifice of *Perdido Street Station*. It is too late to escape.

The iron wheel began to spin, slowly at first, then faster and faster. The room grew darker. As the light lessened, so did the sound. Deeba and Zanna stared at each other in wonder. The noise of the cars and vans and motorbikes outside grew tinny...The wheel turned off all the cars and turned off all the lamps. It was turning off London.

Zanna and Deeba are two girls leading ordinary lives, until they stumble into the world of UnLondon, an urban Wonderland where all the lost and broken things of London end up...and some of its lost and broken people too. Here discarded umbrellas stalk with spidery menace, carnivorous giraffes roam the streets, and a jungle sprawls beyond the door of an ordinary house.

UnLondon is under siege by the sinister Smog and its stink-junkie slaves; it is a city awaiting its hero. Guided by a magic book that can't quite get its facts straight, and pursued by Hemi the half-ghost boy, the girls set out to stop the poisonous cloud before it burns everything in its path. They are joined in their quest by a motley band of UnLondon locals, including Brokkenbroll, boss of the broken umbrellas, Obaday Fing, a couturier whose head is an enormous pincushion, and an empty milk carton called Curdle.

The world of UnLondon is populated by astonishing frights and delights that will thrill the imagination.

Imager's Intrigue (Imager Portfolio 03) APB \$19.95 www.infinitas.com.au/Product.php?bar=9780765364654

In Imager, the first book of the Imager Portfolio, we met Rhenhnyl, an apprentice portrait artist whose life was changed by a disastrous fire. But the blaze that took his master's life and destroyed his livelihood revealed a secret power previously dormant in Rhenn; the power of imaging, the ability to shape matter using thought. With some trouble, he adapts to the controlled life of an imager.

By Imager's Challenge, Rhenn has become a liaison to the local law forces. He finds himself in direct conflict with both authorities and national politics as he tries to uphold the law and do his best by the people of his home city.

Now, in Imager's Intrigue, Rhenn has come into his own. He has a wife and a young child, and a solid career as an imager. But he has made more than one enemy during his journey from apprentice painter to master imager, and even his great powers won't allow him to escape his past.

The Order War (Recluce) APB \$19.95 www.infinitas.com.au/Product.php?bar=9780812534047

The saga of Recluce, launched in The Magic of Recluce and continuing in The Towers of the Sunset and The Magic Engineer reaches a new climax in The Order War. "Modesitt has created an exceptionally vivid world," says L. Sprague de Camp, "so concretely visualized as to give the impression that Modesitt himself must have dwelt there." Publishers Weekly says, "Modesitt creates a complex world based on a plausible system of magic and peopled with engaging and realistic characters."

Set after the events of The Magic Engineer (and prior to The Magic of Recluce) The Order War illuminates great figures and major events in the historic war between order and chaos that is the central focus of the saga of Recluce.

The deadly White Wizards of Fairhaven, wielding the forces of chaos, have completed their great highway through the Westhorns and now threatened the ancient matriarchy of Sarronnyn, the last bastion of order in Candar. The ruler of Sarronnyn appeals to the Black order wizards of Recluce for help.

Justen - a young Black Engineer in the city of Nylan - joins the relief force. Despite their success in destroying more than half the White armies, Sarronnyn falls to the White Wizards, and Justen is chased into the most inhospitable desert in Candar. These trials are but the beginning, for the White Wizards have all Candar in their grasp. Justen must fight both Recluce and Fairhaven, as well as the highest powers of order and the forbidden technology to harness chaos itself in his efforts to halt the conquest of the chaos wizards.

Magic of Recluce (Recluce 01) TP \$24.95 www.infinitas.com.au/Product.php?bar=9780765331120

Special 20th Anniversary Edition

An epic adventure world that has so far spanned fifteen novels and has run for twenty years was launched in The Magic of Recluce, a triumph of fantasy. Young Lerris is dissatisfied with his life and trade, and yearns to find a place in the world better suited to his skills and temperament. But in Recluce a change in circumstances means taking one of two options: permanent exile from Recluce or the dangergeld, a complex, rule-laden wanderjahr in the lands beyond Recluce, with the aim of learning how the world works and what his place in it might be. Many do not survive. Lerris chooses dangergeld.

When Lerris is sent into intensive training for his quest, it soon becomes clear that he has a natural talent for magic. And he will need magic in the lands beyond, where the power of the Chaos Wizards reigns unchecked. Though it goes against all of his instincts, Lerris must learn to use his powers in an orderly way before his wanderjahr, or fall prey to Chaos.

This twentieth anniversary edition will feature an all-new cover and include the Recluce map, plus a new foreword.

Ever since shapeshifters announced their presence to the world, humans have been rallying against supernaturals, protesting with signs that could turn to pitchforks at any moment. Behind closed doors, things between Merit and her Master Ethan are tense, to say the least. But they have to work together when the mayor of Chicago calls Merit and Ethan to a clandestine meeting: there's been a violent vampire attack which has left three women missing. The mayor's message is simple: get your House in order. Or else. Merit needs to get to the bottom of this crime, but it's not easy when she can't tell who's on her side. It's not long before Merit finds herself in the dark, heady heart of Chicago's supernatural society - which seems to be full of vampires ready to fulfill the human's worst fears. She's about to learn that you can't be a vampire without getting a little blood on your hands...

The Ritual TP \$32.99 www.infinitas.com.au/Product.php?bar=9780230754928

The new horror from a rising star of the macabre...

And on the third day things did not get better. The rain fell hard and cold, the white sun never broke through the low grey cloud, and they were lost. But it was the dead thing they found hanging from a tree that changed the trip beyond recognition.

When four old University friends set off into the Scandinavian wilderness of the Arctic Circle, they aim to briefly escape the problems of their lives and reconnect with one another. But when Luke, the only man still single and living a precarious existence, finds he has little left in common with his well-heeled friends, tensions rise.

With limited fitness and experience between them, a shortcut meant to ease their hike turns into a nightmare scenario that could cost them their lives. Lost, hungry, and surrounded by forest untouched for millennia, Luke figures things couldn't possibly get any worse. But then they stumble across an old habitation. Ancient artefacts decorate the walls and there are bones scattered upon the dry floors. The residue of old rites and pagan sacrifice for something that still exists in the forest. Something responsible for the bestial presence that follows their every step. And as the four friends stagger in the direction of salvation, they learn that death doesn't come easy among these ancient trees...

In the frozen north of a far-flung world lies Villiren, a city plagued by violent gangs and monstrous human/animal hybrids, stalked by a serial killer, and targeted by an otherworldly army. Brynd Lathraea has brought his elite Night Guard to help Villiren build a fighting force against the invaders. But success will mean dealing with the half-vampyre leader of the savage Bloods gang. Meanwhile, reptilian rumel investigator Rumex Jeryd has come seeking refuge from Villjamur's vindictive emperor—only to find a city riddled with intolerance between species, indifference to a murderer's reign of terror, and the powerful influence of criminals. As the enemy prepares to strike, and Villiren's defenders turn on each other, three refugees—deposed empress Jamur Rika, her sister Eir, and the scholar Randur Estevu—approach the city. And with them they bring a last, desperate hope for survival . . . and a shocking revelation that will change everything.

The Book of Transformations HC \$49.99 www.infinitas.com.au/Product.php?bar=9780230750067

A new and corrupt Emperor seeks to rebuild the ancient structures of Villjamur to give the people of the city hope in the face of great upheaval and an oppressing ice age. But when a stranger called Shalev arrives, empowering a militant underground movement, crime and terror becomes rampant. The Inquisition is always one step behind, and military resources are spread thinly across the Empire. So Emperor Urtica calls upon cultists to help construct a group to eliminate those involved with the uprising, and calm the populace.

But there's more to The Villjamur Knights than just phenomenal skills and abilities – each have a secret that, if exposed, could destroy everything they represent. Investigator Fulcrom of the Villjamur Inquisition is given the unenviable task of managing the Knights', but his own skills are tested when a mysterious priest, who has travelled from beyond the fringes of the Empire, seeks his help. The priest's existence threatens the church, and his quest promises to unweave the fabric of the world.

And in a distant corner of the Empire, the enigmatic cultist Dartun Sur steps back into this world, having witnessed horrors beyond his imagination. Broken, altered, he and the remnants of his cultist order are heading back to Villjamur. And all eyes turn to the Sanctuary City, for Villjamur's ancient legends are about to be shattered...

The Map of Time TP \$32.99 www.infinitas.com.au/Product.php?bar=9781921844119

A wonderful, far-reaching, and intelligent novel about time travel, with a multi-dimensional plot that transcends genre: a little bit of classic sci-fi, some post-modern metafiction, some romance, some mystery, some historical fiction and of course, an explication of the fourth dimension.

The novel, which is set in England between 1888 and 1900, presents time travel as something that human beings have invented in order to cope with the immovability of time; something that helps to console the mind—whether it be an unrequited love, the loss of a dear one, or the fabrications of imagination. And sometimes, it is the imagination that saves lives. However, it also shows time travel to be something that is dangerous, as it pulls people's focus from the present and into the past or future; as their mind leaves their present body, the present body deteriorates.

With all of this deep contemplation of the human mind and body, the novel remains interesting, suspenseful and entertaining, full of twists and turns, and ends on a positive note with the power of love and the importance of presence of mind.

The Dreaming APB \$19.95 www.infinitas.com.au/Product.php?bar=9780980634136

Three siblings from the bush are sent to the big smoke to give their dad some much needed breathing space. Life in Perth has its own challenges and the kids soon flee the suburbs for the shelter of nearby John Forrest National Park, keen to find some elbow room of their own. There, they find that ancient things are lurking beneath the rocks, stirred up by the relentless heat of summer; things that are jealous of those that walk upon them; things that do not ever want to let them leave.

A story of family, of love and of hope; of ancient sprits and fables brought to life; of three kids who stick together through thick and through thin. Each of them must come to terms with who they are as they face the insidious thing that stalks them unseen from the shadows. Most of all, they must remember the lesson from their elders: if you're walking in the bush and you feel someone or something looking over your shoulder don't stop, don't turn around and whatever you do, keep your eyes down and don't ever look up.

Obsessed with creating life itself, Victor Frankenstein plunders graveyards for the material to fashion a new being, which he shocks into life with electricity. But his botched creature, rejected by Frankenstein and denied human companionship, sets out to destroy his maker and all that he holds dear. Mary Shelley's chilling gothic tale was conceived when she was only eighteen, living with her lover Percy Shelley near Byron's villa on Lake Geneva. It would become the world's most famous work of horror fiction, and remains a devastating exploration of the limits of human creativity.

Based on the third edition of 1831, this text contains all the revisions Mary Shelley made to her story, as well as her 1831 introduction and Percy Bysshe Shelley's preface to the first edition. It also includes as appendices a select collation of the texts of 1818 and 1831 together with 'A Fragment' by Lord Byron and Dr John Polidori's 'The Vampyre: A Tale'.

The United States has suffered a crippling economic and moral collapse fueled by Flashback, the cheap aerosol drug that allows its users to fully re-experience the best moments of their lives. It's a drug so sweet and addictive, it holds the nation in its thrall, devastating millions. A group of Japanese advisors essentially run the government, and the son of one of them has been killed. Fallen detective Nick Bottom is hired to investigate. Nick knows Flashback -- he's an addict himself. After his wife was killed, he started flashing to be with her, and he only takes the case to get money to fuel his habit. His motivation changes when he uncovers evidence that suggests that the creation and appearance of Flashback--and America's capitulation to it--was an orchestrated plot that may have been responsible for his wife's death. Could America's total surrender to Flashback be the result of a large and terrible conspiracy? Nick is the one man who may be able to change the course of an entire nation turning away from the future to live in the past.

With his superlative blend of suspense and adventure, Dan Simmons shows why he is one of the most versatile writers at work today -- drawing on the conventions of science fiction, fantasy, and horror to create a pioneering, page-turning thriller.

Bram Stoker

Dracula BPB \$10.95 www.infinitas.com.au/Product.php?bar=9780141439846

When Jonathan Harker visits Transylvania to help Count Dracula purchase a London house, he makes horrifying discoveries about his client and his castle. Soon afterwards, disturbing incidents unfold in England: an unmanned ship is wrecked at Whitby; strange puncture marks appear on a young woman's neck; and a lunatic asylum inmate raves about the imminent arrival of his 'Master'. In the ensuing battle of wits between the sinister Count and a determined group of adversaries, Bram Stoker created a masterpiece of the horror genre, probing deeply into human identity, sanity, and the dark corners of Victorian sexuality and desire.

For this completely updated edition, Maurice Hindle has revised his introduction, list of further reading and textual notes, and added two new appendices: Stoker's essay on censorship and his interview with Winston Churchill, both published in 1908. Christopher Frayling's preface discusses Stoker's significance and the influences that contributed to his creation of the Dracula myth.

Anatomy of Ghosts PB \$24.95 www.infinitas.com.au/Product.php?bar=9780141018621

1786, Jerusalem College, Cambridge.

The ghost of murdered Sylvia Whichcote has been sighted prowling the grounds by Frank Oldershaw, a disturbed fellow commoner. When his anxious mother employs John Holdsworth, author of *The Anatomy of Ghosts* – a stinging account of why ghosts are mere delusion – to investigate the sighting, the uneasy status quo at Jerusalem is rapidly torn apart.

Holdsworth grows to realise that the sinister Holy Ghost Club governs the privileged life at Jerusalem with a rigour far more effective than anything the Master, Dr Carbury, could muster. And when Holdsworth finds himself haunted – not only by the ghost of his dead wife, Maria, but also Elinor, the very-much-alive Master's wife – his fate is sealed. He must unravel the circumstances surrounding Sylvia's death ... or the hauntings will continue.

Harry Turtledove

The Big Switch (War that Came Early, The) HC \$49.95 www.infinitas.com.au/Product.php?bar=9780345491862

In this extraordinary World War II alternate history, master storyteller Harry Turtledove begins with a big switch: what if Neville Chamberlain, instead of appeasing Hitler, had stood up to him in 1938? Enraged, Hitler reacts by lashing out at the West, promising his soldiers that they will reach Paris by the new year. They don't. Three years later, his genocidal apparatus not fully in place, Hitler has barely survived a coup, while Jews cling to survival. But England and France wonder whether the war is still worthwhile.

Weaving together a cast of characters that ranges from a brawling American fighter in the Abraham Lincoln Brigade in Spain to a woman who has seen Hitler's evil face-to-face, Harry Turtledove takes us into a world shaping up very differently in 1941. The Germans and their Polish allies have slammed into the gut of the Soviet Union in the west, while Japan pummels away in the east. In trench warfare in France, French and Czech fighters are outmanned but not outfought by their Nazi enemy. Then the stalemate is shattered. In England, Winston Churchill dies in an apparent accident, and the gray men who walk behind his funeral cortege wonder who their real enemy is. The USSR, fighting for its life, makes peace with Japan—and Japan's war with America is about to begin.

A sweeping saga of human passions, foolishness, and courage, of families and lovers and soldiers by choice and by chance, *The Big Switch* is a provocative, gripping, and utterly convincing work of alternate history at its best. For history buffs and fans of big, blood-and-guts fiction, Harry Turtledove delivers a panoramic clash of ideals as powerful as armies themselves.

But Honor Harrington has tasted defeat before and come back to win ultimate victory. The task is daunting: she must save her family, preserve the life she has built – and once again rescue the constitutional order of her beloved Star Kingdom. The solution? To brave utter annihilation in a desperate move to defeat her gathered enemies and win freedom for her people and the kingdom she has given her life and blood for time and again.

Off Armageddon Reef (Safehold 01) BPB \$22.99 www.infinitas.com.au/Product.php?bar=9780330534949

A science-fiction epic from the New York Times bestselling author

Here is the saga of humanity reduced, by an implacable alien enemy, to inhabiting a single colony on the distant world of Safehold.

To avoid drawing the attention of the enemy through the busy signals of an industrial civilization, the human rulers of Safehold have taken an extraordinary measure. With mind control and hidden high technology, they have built a religion in which every Safeholdian believes, one designed to keep Safehold society medieval and unnoticed forever. After disagreement about the wisdom and justice of this course, the dissenters were ruthlessly eliminated.

Centuries have passed and now, in a hidden chamber on Safehold, an android initiates a rebirth set in motion centuries before. A rebirth that will provide the only remaining humans with their last chance to learn the truth and to rejoin the universe.

It is destined to be a tremendous undertaking, unfolding a story of deception and ignorance, freedom and tyranny, and the liberating power of the truth.

By Schism Rent Asunder (Safehold 02) BPB \$22.99 www.infinitas.com.au/Product.php?bar=9780330521598

In the nine centuries since the creation of the world, the Church of God Awaiting has grown all-powerful as the keeper of men's souls. It rules the planet of Safehold with the imprimatur of God Himself...And with an iron fist.

Lately, the island kingdom of Charis has rejected the Church's authority. Charis has repelled the Church's first attack and is preparing to strike back. Yet not all those who support the Church are corrupt, and the Church stands ready to use the faith and belief of those blameless souls for its own cynical ends. The gauntlet has been cast down, and full-scale religious war – the ugliest war of all – looms over Safehold.

To prevail, King Cayleb of Charis has one ally with resources not even he can imagine: the mysterious warrior monk called Merlin, who holds the secret knowledge Charis may need to survive. Merlin is Cayleb's adviser, protector, and friend...and, secretly, also the cybernetic avatar of a young woman named Nimue Alban, who died before the day of creation itself. Who was born on a murdered world called 'Earth'.

By Heresies Distressed (Safehold 03) BPB \$22.99 www.infinitas.com.au/Product.php?bar=9780330521611

The battle for the soul of Safehold has begun.

Charis and Chisholm have joined together, pledged to stand against the tyranny of a corrupt Church. The youthful Queen Sharleyan of Chisholm has wed King Cayleb of Charis, forging a single empire dedicated to the defence of human freedom.

Crowned Empress of that empire, Sharleyan has found with Cayleb the love she never dared hope for in a 'marriage of state'. And in Cayleb's cause – his defiance of the ruthless Group of Four who govern the Church – she has found the task to which she can commit her mind, her courage, and her life.

Yet there are things Sharleyan does not know, secrets Cayleb has not been permitted to share, even with his beloved wife. Secrets like the true history of humanity on Safehold. Like the intricate web of lies, deception, and fabricated 'religion' which have chained humanity for almost a thousand years.

And so Empress Sharleyan faces the great challenge of her life unaware of all that task truly entails...and of how the secrets Cayleb cannot share may threaten all they have achieved. And may threaten her life itself.

A Mighty Fortress (Safehold 04) BPB \$22.99 www.infinitas.com.au/Product.php?bar=9780330521604

Young Cayleb Ahrmahk has accomplished things few people could even dream of. Having smashed a hostile alliance of no less than five princedoms and won the hand of the beautiful young Queen Sharleyan of Chisholm, together they have created the Charisian Empire, the greatest naval power in the history of Safehold. Charis is transformed into a place of refuge for all who treasure freedom.

But their success may prove short-lived. The Group of Four, the clique that controls the Church of God Awaiting – and, through the church, most of Safehold – has decreed their destruction. Mother Church's entire purpose is to prevent all to which Charis is committed, and she will not rest until it has been erased forever.

But there are still matters about which the Church knows nothing, including Cayleb and Sharleyan's adviser, friend, and guardian, the mystic warrior-monk named Merlin Athrawes. Merlin knows all about catastrophic battles against impossible odds, because he is in fact the cybernetic avatar of a young woman named Nimue Alban, who died a thousand years ago.

Mother Church's juggernaut rumbles down on Charis, but Merlin Athrawes and a handful of extraordinary human beings stand in its path. The Group of Four is about to discover just how potent the power of human freedom truly is.

In 1946, an alien virus that rewrites human DNA was accidentally unleashed in the skies over New York City. It killed ninety percent of those it infected. Nine percent survived, mutated into tragically deformed creatures. And one percent gained superpowers. The Wild Cards shared-universe series, created and edited by New York Times #1 bestseller George R. R. Martin (called "the American Tolkien" by Time), is the tale of the history of the world since then—and of the heroes among the one percent.

Now, in the latest Wild Cards mosaic novel, we get to know the hardbitten world of Manhattan's Fifth Precinct—or "Fort Freak," as cops and malefactors alike call the cop-shop where every other desk sergeant, detective, and patrol officer is more than human.

Featuring original work by writers such as Cherie Priest, author of the bestselling *Boneshaker*; Paul Cornell, Hugo-nominated comic book and Doctor Who writer; David Anthony Durham, winner of 2009's John W. Campbell Award for Best New Writer; and many others, *Fort Freak* is one of the strongest offerings yet in the ongoing Wild Cards project.

The cracks are beginning to show in the idyllic Stonewylde community. As Yul and Sylvie's forbidden friendship grows into something deeper, Magus' true nature starts to emerge through his charming facade. Ever since Yul defied him at the Summer Solstice, his power has been waning and his mood darkening. Nobody challenges his authority and survives. Sylvie is in danger too. Magus has discovered her secret and now her magical gift and Magus' desire to possess it is putting her life at risk. As each full moon rises Sylvie is made to suffer more and the agony she endures as her magic is stolen leaves her increasingly exhausted, sapping her will to fight back. Are Yul and Sylvie the only ones who see the truth behind Magus' mask of kindness? Why is everyone so deceived by his charm - and why is Mother Heggy, the mysterious wise-woman the only one who will help them?

Life hasn't been easy on sixteen-year-old Emma Conner, so a new start in New York may be just the change she needs. But her new posh Upper East Side prep school? Not so much. Friendly faces are few and far between, except for one that she's irresistibly drawn to — Brendan Salinger, the guy with the rock-star good looks, who is also the richest kid in school.

Even when Brendan inexplicably turns cold, Emma can't stop staring. Ever since she laid eyes on him, strange things have been happening. Streetlamps shatter whenever she walks by, and Emma's been having the oddest dreams. Visions of herself in past lives — visions that warn her to stay away from Brendan. Or else...

Finmere Tingewick Smith was abandoned on the steps of the Old Bailey. Under the guardianship of the austere Judge Harlequin Brown and the elderly gentlemen of Orrery House, Fin has grown up under a very strange set of rules. He spends alternate years at two very different schools and now he's tired of the constant lies to even his best friends, to hide the insanity of his double life. Neither would believe the truth! But on his sixteenth birthday, everything changes. The Judge is killed, stabbed in the chest with a double-edged sword that's disturbingly familiar and from that moment on, Fin is catapulted into an extraordinary adventure. Through the Doorway in Fin's London, a hole in the boundaries of Existence, lies another London - and now both are in grave danger. For the Knights of Nowhere have kidnapped the Storyholder, the keeper of the Five Eternal Stories which weave the worlds together.

It's Christmas-time and Finmere Tingewick Smith (Fin to his friends) is back in Orrery House, with Christopher, one of his two best friends. They're there for the Initiation of the new Knights of Nowhere. The boys have tried to find some normalcy after their recent adventures, but they're badly missing Joe. He's stuck in the Nowhere, guarding two of the Five Eternal Stories that weave all the worlds together; they're held inside his own body. But there is no Christmas in the Nowhere - and in both worlds, things are not as settled as they look, for Justin Arnold-Mather is getting ready to make his move. In the Nowhere, something is moving through the streets, attacking people - random victims - and leaving them mad and disfigured. And in Orrery House, a tiny crack has appeared in the Prophecy table...

Me? A Leader?

Okay, so I did prove that there's more to Inside than we knew. A whole world exists beyond this cube we live in. And finding that led to a major rebellion between worker scrubs like me and the snobby Uppers who rule our world. Make that ruled. Because of me, we're free. I thought that meant I could go off on my own again — while still touching base with Riley, of course. He's the one Upper I think I can trust.

But then we learn that there is an Outside. And something from Outside wants In.

The Griff TP \$44.95 www.infinitas.com.au/Product.php?bar=9780061977527

Christopher Moore & Ian Corson

Outrageously funny New York Times bestselling author Christopher Moore and award-winning screenwriter-director Ian Corson team up for a wacky and entertaining graphic tale of alien invasion and a motley crew of Earthlings trying to stay alive and, oh, yeah, save humankind.

The mayhem begins when an ancient alien beacon is unwittingly activated, summoning behemoth spaceships from the far reaches of the galaxy. Hovering in Earth's atmosphere, they release a biblical stream of pods that transform into minivan-size, people-eating, flying lizardy things that look like mythological griffins. Destroying communications, emergency, and military infrastructure, they systematically kill everyone on the planet. Well, almost everyone.

A pesky trio of New Yorkers isn't about to roll out the red carpet—or roll over and die—for these unwelcome intergalactic marauders. Unlikely heroes Mo, a snarky, Goth game-goddess; Steve, a skateboard-punk schwag whore; and Curt, the obligatory buff commando expert in weaponry (and a genius with cosmetics), are going to take it to the aliens—and Florida is where the fight is. Armed with M-16s, a BFG (big f**king gun), and a surplus of guts, they'll battle their way from the Big Apple to Orlando, where a downed spacecraft is the most awesome new attraction.

And in the Sunshine State another pair of courageous (and pretty damn lucky) humans who have outwitted the toothy Überlizards await: Liz, a babelicious killer whale trainer at Ocean World, and Oscar, a chain-smoking middle-aged professional squirrel (seriously—he's paid to wear that squirrel costume).

Once united, the intrepid warriors will attempt to infiltrate the alien spacecraft, defeat the spacer invaders, and save (what's left) of the world—and, if Steve plays his cards right, begin the fun of repopulating Earth all over again.

From #1 New York Times bestselling author Timothy Zahn comes a brand-new Star Wars adventure, set in the time between A New Hope and The Empire Strikes Back and featuring the young Luke Skywalker, Han Solo, Princess Leia Organa, and the beloved Mara Jade.

The fate of the Rebellion rests on Luke Skywalker's next move. But have the rebels entered a safe harbor or a death trap?

Eight months after the Battle of Yavin, the Rebellion is in desperate need of a new base. So when Governor Ferrouz of Candoras Sector proposes an alliance, offering the Rebels sanctuary in return for protection against the alien warlord Nuso Esva, Luke, Leia, Han, and Chewie are sent to evaluate the deal.

Mara Jade, the Emperor's Hand, is also heading for Candoras, along with the five renegade stormtroopers known as the Hand of Judgment. Their mission: to punish Ferrouz's treason and smash the Rebels for good.

But in this treacherous game of betrayals within betrayals, a wild card is waiting to be played.

Heirs of Empire 20th Anniversary edition HC \$55 www.infinitas.com.au/Product.php?bar=9780345528292

Timothy Zahn

Here is a special 20th anniversary edition of the #1 New York Times bestselling novel that reignited the entire Star Wars publishing phenomenon—featuring an Introduction and annotations from award-winning author Timothy Zahn, exclusive commentary from Lucasfilm and Del Rey Books, and a brand-new novella starring the ever-popular Grand Admiral Thrawn. The biggest event in the history of Star Wars books, Heir to the Empire follows the adventures of Luke Skywalker, Han Solo, and Princess Leia after they led the Rebel Alliance to victory in Star Wars: Episode VI Return of the Jedi.

Five years after the Death Star was destroyed and Darth Vader and the Emperor were defeated, the galaxy is struggling to heal the wounds of war, Princess Leia and Han Solo are married and expecting twins, and Luke Skywalker has become the first in a long-awaited line of new Jedi Knights.

But thousands of light-years away, the last of the Emperor's warlords—the brilliant and deadly Grand Admiral Thrawn—has taken command of the shattered Imperial fleet, readied it for war, and pointed it at the fragile heart of the New Republic. For this dark warrior has made two vital discoveries that could destroy everything the courageous men and women of the Rebel Alliance fought so hard to create.

The explosive confrontation that results is a towering epic of action, invention, mystery, and spectacle on a galactic scale—in short, a story worthy of the name Star Wars.

In the fall of 2012, scientists at the Large Hadron Collider in Geneva, Switzerland, embarked on a series of high-energy experiments. No one knows exactly what went wrong, but in the blink of an eye, thousands of possible universes all condensed into a single reality . . .

Between a desert and a dried up sea lies the town of Watering Hole, the only oasis for miles and the home of our intrepid heroes Shaani and Xoota. After some rather harrowing adventures in the desert, they are followed home by a swarm of empathic earwigs. As if a psychic bug infestation weren't enough, the town's water supply has suddenly died up. Where there was once fresh water to spare, there is only a trickle of brackish sludge.

Theorizing that the water came from a source beyond the desert, Shaani proposes an expedition to re-establish the town's water supply. Xoota, of course, is voted to go with her. Crossing the desert has never been done--and with water in short supply, the task seems impossible. But the ever-helpful Shanni appeals to the town patron Benek, and his love of cryogenically frozen brides, to back the project. What follows is the adventure of a thousand lifetimes.

As the Chaos moon of Morrslieb veers wildly off course, the Old World is wracked by a series of bizarre plagues. From a lofty spire of the Celestial College, the Empire's Grand Astromancer, Caspar Vyborg, scours the heavens for an explanation, seeking guidance in the stars. But as the Empire sinks further into madness and violence, his order is forced to search stranger places than the night sky - the investigation leads them to the grave of a long-dead sorcerer named Razumov and an ancient, half-remembered prophecy. Caspar decides that his only hope is to complete the dark rituals that killed Razumov centuries earlier, but as Morrslieb waxes full and ferocious magical storms begin to tear the very fabric of reality, Caspar learns the true, terrible nature of Razumov's tomb.

Atlas Infernal APB \$18 www.infinitas.com.au/Product.php?bar=9781849700702

Rob Sanders

Inquisitor Bronislaw Czevak is a hunted man. Escaping from the Black Library of the eldar, Czevak steals the Atlas Infernal – a living map of the Webway. With this fabled artefact and his supreme intellect, Czevak foils the predations of the Harlequins sent to apprehend him and thwarts his enemies within the Inquisition who want to kill him. Czevak's deadliest foe, however, is Ahriman – arch-sorcerer of the Thousand Sons. He desires the knowledge within the Black Library, knowledge that can exalt him to godhood, and is willing to destroy the inquisitor to obtain it. A desperate chase that will bend the fabric of reality ensues, where Czevak's only hope of survival is to outwit the chosen of Tzeentch, Lord of Chaos and Architect of Fate. Failure is unconscionable, the very cost to the Imperium unimaginable.

Horus Heresy 02 Audix: False Gods CD \$45 www.infinitas.com.au/Product.php?bar=9781849700573

The Great Crusade that has taken humanity into the stars continues. The Emperor of mankind has handed the reins of command to his favoured son, the Warmaster Horus. Yet all is not well in the armies of the Imperium.

Horus is still battling against the jealousy and resentment of his brother primarchs and, when he is injured in combat on the planet Davin, he must also battle his inner daemon. With all the temptations that Chaos has to offer, can the weakened Horus resist? This abridged audio continues the epic tale of the Horus Heresy. The fate of the galaxy now rests in the simple choice of one man; loyalty or heresy?

Conquest of Nerath Game \$120 www.infinitas.com.au/Product.php?bar=653569609087

D&D themed Axis and Allies styled board game.

Wage war in the Dungeons & Dragons world!

War has come to the Dungeons & Dragons world! In the north, the undead legions of the Dark Empire of Karkoth march against the fragile League of Nerath, determined to sweep away the human kingdoms forever. To the south, the infernal Iron Circle launches its own goblin hordes in a campaign of conquest against the elves and corsairs of Vailin. From the snowy expanse of the Winterbole Forest to the sunwarmed coasts of ancient Vailin, four great powers struggle for survival.

Muster armies of footsoldiers, siege engines, monsters, and dragons to attack your enemies. Fight across the waves with fleets of warships and raging elementals. Plunder ancient dungeons with bands of mighty heroes, searching for magical artifacts and awesome treasures that might tip the scales of battle in your favor. The fate of empires is in your hands!

This game includes the following components:

- Rulebook
- Dice
- Game board
- 110 cards
- 252 plastic playing pieces representing the champions and armies of Nerath, Karkoth, the Iron Circle, and Vailin

Monster Vault: Threats to the Nentir Vale HC \$49.95 www.infinitas.com.au/Product.php?bar=9780786958382

Terrifying monsters and villains for your heroic- and paragon-tier campaign.

The Nentir Vale — a frontier land sheltered by mountains and strewn with abandoned farmsteads, ruined manors, and broken keeps — is the perfect base for any Dungeons & Dragons campaign.

Monster Vault: Threats to the Nentir Vale presents statistics, tactics, and lore for an array of new monsters that prowl the Nentir Vale, some of which trace their origins back to the earliest editions of the Dungeons & Dragons Roleplaying Game. Other entries focus on campaign villains present in the Nentir Vale region, among them the Iron Circle, the Tigerclaw Barbarians, the Raven Roost Bandits, and several new villainous groups introduced here for the first time.

The monsters and villains contained within are appropriate challenges for heroic- and paragon-tier characters and fit easily into any home campaign, as well as other Dungeons & Dragons published campaign settings. In addition to a 128-page book of ready-to-play monsters and villains, this product includes 8 die-cut sheets of card stock monster and villain tokens and a double-sided battle map featuring four different encounter locations you can use when running encounters.

Warhammer Fantasy Battle

Storm of Magic HC \$83 www.infinitas.com.au/Product.php?bar=9781907964077

Storm of Magic, the first Expansion for Warhammer, is a 152-page, full-colour, hardback book. Complete with an integrated spinner that allows you to manipulate the magical flux of the Winds of Magic, it veritably oozes with supernatural charm.

Within these hallowed pages you will find a staggering amount of background and history on magical storms, plus a full set of rules so that you can play a Storm of Magic battle using your armies. There are details for 64 brand new Cataclysm spells and Cantrips - the most powerful and destructive spells in the Warhammer world, which can tear apart entire regiments and obliterate enemy heroes with impunity.

There are also 45 Scrolls of Binding, with which you can summon deadly monsters to fight for you on the battlefield. Each monster is completely unique and accessible to every army - there are even a few old favourites in there such as Zoats and the Fimir.

Or why not invoke a sorcerous pact? Through these magical pacts you can call upon the power of Daemons and the Undead to aid you on the field of battle; such is the power of magic. Of course, there are always risks to using such potent magical invocations, but who ever said that magic was predictable and easy to use?

Chaos Lord On Manticore Figurine \$83 www.infinitas.com.au/Product.php?bar=5011921028740

Even for creatures of Chaos, Manticores are particularly ferocious, possessed of an innate stubbornness that propels them to fight for their territory against even the most overpowering odds. No matter what their adversary, the Manticore will launch itself roaring into a bloody and brutal conflict from which there can be only a single victor. More often than not, providing their foe isn't too much bigger than them, it's the Manticore that will stand triumphant. Such wild, animalistic rage does not go unnoticed in the Chaos Wastes. Champions of the Dark Gods will often travel to the Iron Mountains to capture and tame a Manticore, which they will then ride into battle. How long the Manticore will tolerate this treatment for is debatable, but one thing is for certain, when they are finally free, their fury will be unstoppable.

This multi-part plastic kit contains one Chaos Lord on Manticore - a finely detailed kit that comes in 62 components, and is supplied with a 50x100mm base. The kit comes with plenty of optional extras, including two different riders - a Chaos Lord and a Chaos Sorcerer Lord, both of which come with a variety of heads and weapons. This miniature is supplied unpainted and requires assembly.

Chimera Figurine \$69 www.infinitas.com.au/Product.php?bar=5011921024957

The three-headed Chimera is one of the most fearsome of all the children of Chaos, a beast whose progenitors were so warped that it is now impossible to say what manner of creatures they might have been. Regardless of their exact form, all Chimerae share a savage and unpredictable nature that makes them easily the worst of all chance encounters. Due to their varied ancestry, Chimerae come in many shapes and forms, manifesting unusual attacks that can catch an enemy off guard. Whether they die by fiery breath or poisonous claw, it's unlikely that an enemy will get to appreciate these subtle differences before they are torn limb from limb, crushed alive, or burnt to a crisp by the rampaging monster in front of them. This multi-part plastic kit contains one Chimera - a finely detailed kit that comes in 23 components, and is supplied with a 50x100mm base. This miniature is supplied unpainted and requires assembly.

Cockatrice Figurine \$62 www.infinitas.com.au/Product.php?bar=5011921024971

The Cockatrice is an unsettling and repulsive creature that reeks of Chaos. While they are not as physically fearsome as many other monsters, they have the curious ability to petrify their foes with a magical gaze, literally turning them to stone with a glance unless they can evade its sorcerous stare. This ability makes the Cockatrice a deadly opponent, for a warrior must try to vanquish the beast without ever setting eyes upon it.

This boxed set contains one Cockatrice - a finely detailed resin cast kit that comes in seven components, and is supplied with a 50mm square base. This miniature is supplied unpainted and requires assembly.

Dark Elf Dreadlord on Black Dragon Figurine \$83 www.infinitas.com.au/Product.php?bar=5011921024964

Dragons are an incredibly ancient race whose forefathers lived many thousands of years before even the Elves set foot in the Old World. Although few in number, Dragons are still creatures of vast power and when they are roused from their slumber they are capable of slaughtering entire armies with wickedly sharp claws, horns and fangs. The Black Dragons are, without exception, foul-tempered and aggressive creatures. Flying low over the battlefield, a Black Dragon can launch plumes of noxious gas from its maw, leaving their foes gasping for breath, their lungs ruined and their skin burnt by corrosive acids. The riders of these gigantic beasts, the Dreadlords and Sorceresses of Naggaroth, take great pleasure in the carnage that their mounts cause and will gladly steer them into the most brutal and bloody combats so that they can join in the wholesale slaughter of their enemies.

This multi-part plastic kit contains one Dark Elf Dreadlord on Black Dragon - a finely detailed kit that comes in 82 components, and is supplied with a 50x100mm base. The kit comes with plenty of optional extras, including two different Dragon heads and two different riders - a Dark Elf Sorceress and a Dark Elf Dreadlord, both of which come with a variety of heads and weapons. This miniature is supplied unpainted and requires assembly.

Dark Elf Supreme Sorceress Figurine \$22 www.infinitas.com.au/Product.php?bar=5011921996155

Elves are magical beings with a natural affinity for guiding and channelling the shifting winds of magic that stream from the Realm of Chaos. Unlike their kindred in Ulthuan and Athel Loren, Dark Elf Sorceresses do not fear the corrupting power of Chaos and they use their sorcery - the unrefined power of magic - to cast such destructive spells that entire armies have fled before their might. Chief amongst these powerful wizards are the Sorceresses of the Dark Covenant, who learn some of the most devastating spells in the world. They can call upon ancient daemonic entities to devour their enemies, hurl storms of wicked shards at their foes or engulf them with bolts of dark energy.

This plastic kit contains one Dark Elf Sorceress - a finely detailed kit that comes in seven components including a fully detailed 20mm square base. This miniature is supplied unpainted and requires assembly.

Eternity Stair & Dreadfire Portal Figurine \$62 www.infinitas.com.au/Product.php?bar=5011921024940

For the wizards of the Warhammer world, Arcane Fulcrums are terrible, complex and eldritch monoliths whose nature and function have puzzled the finest minds for millennia. What every wizard does know is that Arcane Fulcrums are the key to true magical domination and that spells cast from them can have cataclysmic consequences. It is those wizards with the greatest ambition that tackle an Arcane Fulcrum, though their bravery (perhaps insanity) is rewarded with almost unlimited power over the Winds of Magic.

This multi-part plastic kit contains one Dreadfire Portal and one Eternity Stair - two finely detailed Arcane Fulcrums that comes in 30 components. Cunningly crafted, the tops of these kits are interchangeable with each other and the two Fulcrums in the Magewrath Throne and Balewind Vortex kit, giving you plenty of modelling opportunities. These scenery pieces are supplied unpainted and require assembly.

Storm of Magic Vortex Templates \$48 www.infinitas.com.au/Product.php?bar=5011921025176

When the Winds of Magic blow strongest, Cataclysm Spells can be cast to cause immense damage to enemy armies. To represent these ferocious magical vortices, we've made six unique tin templates for you to use in your battles. Not only are they the perfect representation of a violent spell at work, but they'll look great roaming about the battlefield, where they will encourage your opponent to move their troops very swiftly out of the way. Be warned though, they are only available while stocks last, so make sure you get them quick before the Winds of Chaos steal them away for their own nefarious plans.

This set contains six 5" Storm of Magic Vortex Templates cast in tin and adorned with evocative images of devastating magical effects.

Vampire Counts Necromancer Figurine \$22 www.infinitas.com.au/Product.php?bar=5011921993833

Necromancers are widely regarded as twisted and corrupt individuals who are obsessed with death and the avoidance of it at all costs. They are used (for they are rarely their own master) by Vampires to animate the broken corpses of their servants and return them to battle. To learn such dark magic, these desperate men will seek out a Necromancer or a Vampire to teach them, though this task is not without its own dangers and many aspirants have found themselves dying a grim death at the hands (or fangs) of their would-be tutor. Those that do survive invariably become powerful spell-casters, though their sanity is forever broken by the horrors they have witnessed.

This plastic kit contains one Vampire Counts Necromancer - a finely detailed kit that comes in six components including a fully detailed 20mm square base. This miniature is supplied unpainted and requires assembly.

Warhammer Battle Magic: Storm of Magic HC \$22 www.infinitas.com.au/Product.php?bar=5011921025312

Storms of magic are cataclysmic events that unleash terrible and all-powerful arcane energies, unbridled power that allows wizards to shackle titanic beasts to their dominion, or deny their enemies mystical forces that could destroy whole nations in one calamitous spell.

Storm of Magic is the first Expansion for Warhammer, the Game of Fantasy Battles. It's a 152-page, full-colour, hardback book with an integrated spinner in the inside front cover that just oozes with magical charm.

There's a staggering amount of background and history on magical storms, plus a full set of rules so that you can play a Storm of Magic battle using your armies. Within these hallowed pages you will find 64 of the most destructive spells and cantrips in the Warhammer world, and 45 Scrolls of Binding with which you can summon all manner of deadly monsters. There's even a whole section dedicated to sorcerous pacts, which you can use to call upon the power of Daemons and the Undead to aid you on the battlefield.

You will need a copy of the Warhammer Rulebook to use the contents of this book.

Warriors of Chaos Sorcerer Lord Figurine \$22 www.infinitas.com.au/Product.php?bar=5011921995240

Chaos Sorcerers wield the wild energies of Chaos itself, reshaping reality to better serve the whims of their dark masters. They are amongst the most awful and depraved of all servants of Chaos, for they long ago sold their souls in exchange for the heady elixir of pure power. A word and a gesture from a Chaos Sorcerer can strip a man's flesh from his bones or cause a regiment to burst into flame, such is the power at their fingertips. So corrupt have they become that mere mortals simply break down at the sight of such a powerful magic user, their minds and souls assaulted by the raw energy of Chaos that surrounds them. Other wizards know that Chaos will eventually consume these insane warrior-mages, but until that time, their power and skill will grow exponentially.

This plastic kit contains one Warriors of Chaos Sorcerer Lord - a finely detailed kit that comes in six components including a fully detailed 25mm square base. This miniature is supplied unpainted and requires assembly.

Warriors of Chaos Tzeentch Sorcerer Lord Figurine \$22 www.infinitas.com.au/Product.php?bar=5011921024988

Chaos Sorcerers wield the wild energies of Chaos itself, reshaping reality to better serve the whims of their dark masters. They are amongst the most awful and depraved of all servants of Chaos, for they long ago sold their souls in exchange for the heady elixir of pure power. A word and a gesture from a Chaos Sorcerer can strip a man's flesh from his bones or cause a regiment to burst into flame, such is the power at their fingertips. Of the four Chaos Gods, Tzeentch is the true lord of magic and his Sorcerers are amongst the most malicious and depraved. Where other spell-casters may rely on pyrotechnic displays to assail their foes, the Sorcerers of Tzeentch take a no-nonsense approach to their magical performances, preferring to confound and confuse their enemies into attacking each other or, rather more simply, open a vortex into nothingness and make them disappear. Simple but effective.

This plastic kit contains one Warriors of Chaos Tzeentch Sorcerer Lord - a finely detailed kit that comes in eight components including a fully detailed 25mm square base. This miniature is supplied unpainted and requires assembly.

The abduction of five-year-old Matthew Farraday provokes national outcry and a desperate police hunt. And when his face is splashed over the newspapers, psychotherapist Frieda Klein is left troubled: one of her patients has been relating dreams in which he has a hunger for a child. A child he can describe in perfect detail, a child the spitting image of Matthew. Detective Chief Inspector Karlsson doesn't take Frieda's concerns seriously until a link emerges with an unsolved abduction twenty years ago and he summons Frieda to interview the victim's sister, hoping she can stir hidden memories. Before long, Frieda is at the centre of the race to track the kidnapper.

But her race isn't physical. She must chase down the darkest paths of a psychopath's mind to find the answers to Matthew Farraday's whereabouts. And sometimes the mind is the deadliest place to lose yourself.

Helmand Province, Afghanistan: a lone convoy edges its way towards a deserted mountain village, led by US Army Rangers in Mastiff APVs. Stopping to search the area, the Rangers are hit by a massive roadside bomb, and as half the patrol lie dead or injured, the rest are ambushed with military precision. A nearby British medical team responds to the call for back-up, but all are slaughtered when their Chinook helicopter is blown up. The ambush is bad, but what's worse is that, amidst the battlefield chatter picked up by Major Giles Roper, not all the Taliban voices are Afghan -- some are English, and the commander bears an Irish accent; he even names himself 'Shamrock'. Why would he commit such an atrocity, but more importantly can he be found before he masterminds another?

Sean Dillon is put in charge of hunting the traitor down, with all the resources of the 'Prime Minister's private army' at his disposal. The fast and furious plot sweeps the reader from Pakistan to Algeria to London to Paris to Ireland, with many deaths along the way. The stakes are already high for Dillon and company, then a familiar, deadly face makes a dramatic reappearance. This time, Dillon will not only be going to war - the war will be coming to him, and he will learn that this Judas has al-Qaeda on his side ...

Boardwalk Empire TP \$32.95 www.infinitas.com.au/Product.php?bar=9780091941246

'When I was first approached by HBO to use Nelson Johnson's book as the basis for a TV series, my biggest challenge was choosing a time period in which to set it... Ultimately I settled on the 1920s of Atlantic City's legendary treasurer Nucky Johnson... A place of spectacle, shady politics, fast women and backroom deals' -Terence Winter, Emmy Award-winning writer of *The Sopranos* and Executive Producer of *Boardwalk Empire* From its humble beginnings as a fledgling seaside resort, Atlantic City grew to be America's playground - loud, brash, and dedicated to the pursuit of pleasure. In 1920 alcohol was banned across the States under Prohibition, yet, thanks to racketeers and corrupt politicians, the liquor in Atlantic City never stopped flowing. As the brothels, bars and gambling rooms flourished, the reputation of both the city itself and its most famous resident grew. Enoch 'Nucky' Johnson was a powerful political force and leading figure in organised crime. His corrupt alliance created a city where the rules just didn't apply, the dollar ruled and the law could be bought. The book that inspired the HBO series, *Boardwalk Empire* brings to life Nucky and the whole cast of his shady associates. Recounting the life of this fascinating city and its most colourful residents, it's a brilliantly told story of a city built on cards and dice, booze and broads.

The terrifying sequel to Karen Rose's brilliant DIE FOR ME.

Daniel Vartanian is trying to come to terms with a chilling discovery. Photographs taken, and kept hidden, by his brother years ago, show a group of unidentifiable teenage boys raping young girls for fun. With his brother now dead, Vartanian is determined to find the girls and bring the rapists to justice. Alex Fallon is unable to forget her past. Her family fell apart when her sister was murdered and now with her step-sister Bailey's disappearance, history seems to be repeating itself. When Vartanian meets Alex, it's as if a ghost has walked into the room. The double of one of the girls in the photographs, it is only when he learns that she had a twin sister that it begins to make horrifying sense. With Bailey's life in the balance and events escalating out of all control, Daniel and Alex will have to confront their pasts head-on if they are to find the missing woman before it's too late.

SOMETIMES, surviving a war can almost seem worse than dying in it. In a Croatian village near Vukovar, no one who survived will ever forget the night they waited for the weapons they needed to make a last-ditch fight against the advancing Serbs. The promised delivery never came, and the village was overrun. Eighteen years later, a body is unearthed from a field, and with it the identity of the arms dealer who betrayed them. Now the villagers can plot their revenge. In leafy England, arms dealer Harvey Gillott regards himself as a man of his word. There is only one blemish on his record, and that was long ago. But Gillott, his family, his friends and his enemies are about to be pitched into a sequence of events that will unfold across Europe with breath-taking drama and almost biblical power. Harvey Gillott is about to find out what happens when the hand of the past suddenly reaches out to the present - and it's holding a gun.

When Dave Gurney, retired NYPD homicide detective, is contacted by an old college acquaintance about some startling letters he's been receiving, it is at first little more than a diverting but sinister puzzle. Until the acquaintance is brutally killed.

Suddenly Gurney finds himself in the middle of a murder investigation that makes no sense. The killer seems to have known his victim intimately. How else was he able to predict his victim's thoughts, even his actions? How did he know his darkest secrets?

The killer is smart and he is playing with the police. Gurney needs to be smarter if he's going to catch him, but this seems only to be the beginning. And the killer alone knows where it will end.

The handbook for a new kind of man

For sixteen years Steve Biddulph's groundbreaking Manhood had a remarkable impact around the world. Thousands of men reconciled with their fathers, became closer to their children, improved their marriages or made sweeping changes to their lives. Women loved the book for giving them a deeper understanding of their husbands and sons. Now the original book has been 'rebuilt' from the ground up.

In The New Manhood, Steve Biddulph explores the elements of a man's life that often cause unhappiness, emptiness or frustration. Love, sex, marriage, raising children, friendship, spirituality and finding your true work are amongst many subjects dealt with in an honest and uplifting way. Powerful, real-life stories describe men making changes and freeing their lives. Readers find themselves moved to tears one minute and to laughter the next.

This is a handbook for men of all ages, and for the women who love them.

First Fleet: The Real Story TP \$29.95 www.infinitas.com.au/Product.php?bar=9781863955294

In 1787 a convoy of eleven ships, carrying about 1500 people, set out from England for Botany Bay. According to the conventional account, it was a shambolic affair: under-prepared, poorly equipped and ill-disciplined. Robert Hughes condemned the organisers' 'muddle and lack of foresight', while Manning Clark described scenes of 'indescribable misery and confusion'.

In *The First Fleet: The Real Story*, Alan Frost draws on previously forgotten records to debunk these persistent myths. He shows that the voyage was in fact meticulously planned – reflecting its importance to the British government's secret ambitions for imperial expansion. He examines the ships and supplies, passengers and behind-the-scenes discussions. In the process, he reveals the hopes and schemes of those who planned the voyage, and the experiences of those who made it.

Seventy years ago the army's elite air assault force, the Parachute Regiment was formed, tough and well-trained, designed to fight hazardous operations behind enemy lines, with little or no backup. These are the 'Sky Men'. Dropping into the middle of enemy territory, these British, American, German and Russian soldiers engage in gruelling combat in the most dangerous conflict zones around the world. Robert Kershaw, an ex-Parachute Regiment officer, reveals the history of these airborne forces, and their role during the most dramatic battles of the twentieth century. He finds out what makes them tick, what drives a 'Sky Man' to take these extraordinary risks, and what marks these sky warriors out from ordinary soldiers. Based on exclusive interviews with soldiers from around the world, as well as letters and diaries, *Sky Men* is full of vivid personalities and nail-biting action.

Edmund King

King Stephen HC \$125 www.infinitas.com.au/Product.php?bar=9780300112238

This compelling new biography provides the most authoritative picture yet of King Stephen, whose reign (1135–1154), with its “nineteen long winters” of civil war, made his name synonymous with failed leadership. After years of work on the sources, Edmund King shows with rare clarity the strengths and weaknesses of the monarch. Keeping Stephen at the forefront of his account, the author also chronicles the activities of key family members and associates whose loyal support sustained Stephen's kingship. In 1135 the popular Stephen was elected king against the claims of the empress Matilda and her sons. But by 1153, Stephen had lost control over Normandy and other important regions, England had lost prestige, and the weakened king was forced to cede his family's right to succession. A rich narrative covering the drama of a tumultuous reign, this book focuses well-deserved attention on a king who lost control of his destiny.

The Lost Key TP \$32.99 www.infinitas.com.au/Product.php?bar=9781444710601

The *Lost Key* contains revelations that only an initiate of the highest orders of esoteric Freemasonry is in a position to make. Here is the truth behind the hints in Dan Brown's *The Lost Symbol* that Freemasonry is concerned to reawaken the hidden potentialities and powers of the human mind. The thrilling narrative of this new book follows a candidate for initiation as he rises through the different grades of initiation, taking part in ceremonies that are sometimes terrifying but always revealing of new knowledge and presenting new mysteries which will only be solved when the next stage of initiation has been achieved. Dramatic episodes include the re-enacting of an ancient murder from 3,000 years ago in full gory detail, lowering the candidate on the end of a rope into a dark vault under the floor of the temple, holding a dagger to the candidate's naked breast, and making the candidate attend his own funeral. In the secret teachings revealed to some high-level initiates, there is a type of instruction which seems curiously similar to religious and mystical teachings. Astrology, angels, chakras and the powers of the mind to operate independently of the body, such as in remote viewing, are all a part of Freemasonic lore. Here Lomas reveals to a wider public and also explains these secret teachings for the first time.

The Astounding, the Amazing and the Unknown (02) HC \$49.95 www.infinitas.com.au/Product.php?bar=9781439168936

Based on an incredible true episode of World War II history, Paul Malmont's new novel is a rollicking blend of fact and fiction about the men and women who were recruited to defeat the Nazis and ended up creating the future.

In 1943, when the United States learns that Germany is on the verge of a deadly innovation that could tip the balance of the war, the government turns to an unlikely source for help: the nation's top science fiction writers. Installed at a covert military lab within the Philadelphia Naval Yard are the most brilliant of these young visionaries. The unruly band is led by Robert Heinlein, the dashing and complicated master of the genre. His “Kamikaze Group,” which includes the ambitious genius Isaac Asimov, is tasked with transforming the wonders of science fiction into science fact and unlocking the secrets to invisibility, death rays, force fields, weather control, and other astounding phenomena—and finding it harder than they ever imagined.

When a German spy washes ashore near the abandoned Long Island ruins of a mysterious energy facility, the military begins to fear that the Nazis are a step ahead of Heinlein's group. Now the oddball team, joined by old friends from the Pulp Era including L. Ron Hubbard (court-martialed for attacking Mexico), must race to catch up. The answers they seek may be locked in the legendary War of Currents, which was fought decades earlier between Nikola Tesla and Thomas Edison. As the threat of an imminent Nazi invasion of America grows more and more possible, events are set in motion that just may revolutionize the future—or destroy it—while forcing the writers to challenge the limits of talent, imagination, love, destiny, and even reality itself.

Blazing at breathtaking speed from forgotten tunnels deep beneath Manhattan to top-secret battles in the North Pacific, and careening from truth to pulp and back again, *The Astounding, the Amazing, and the Unknown* is a sweeping, romantic epic—a page-turning rocket ship ride through the history of the future.

How to Land an A330 Airbus PB \$22.99 www.infinitas.com.au/Product.php?bar=9780340994580

Being given yet another pointless 'man manual' that told him fifty ways to tie a bow tie in under 30 seconds made James May certain there was a need for another kind of book. This book, in fact, he reckons there are nine vital things that a chap should be able to do. Not stuff you can download from the internet, but really important things. You never know when you might need to land an A330 Airbus, or deliver twins. And there may well be a moment when being able to play a bit of classical music on the piano is absolutely crucial to your success with women. So read, learn and be prepared - you'll wonder how you ever lived without it.

Anthony Morgan, now just appointed as general, has two of his sons, one his legitimate heir, one his bastard, both fighting in the ranks. Morgan has arrived just as one of the rival princelings has begun to control Herat, and is determined to carve out some power for himself, and so embarks upon marching to Kandahar, determined to remove the British governor and take the city and province as his own kingdom. Morgan's life is not made easier by problems with the other generals and in particular his own difficulties in dealing with the growing rivalry between his two sons.

Dambisa Moyo**Dead Aid** BPB \$24.95 www.infinitas.com.au/Product.php?bar=9780141031187

Dead Aid: Why Aid is Not Working and How There is Another Way for Africa

We all want to help. Over the past fifty years \$1 trillion of aid has flowed from Western governments to Africa, with rock stars and actors campaigning for more. But this has not helped Africa. It has ruined it.

Dambisa Moyo's excoriating and controversial book reveals why millions are actually poorer because of aid, unable to escape corruption and reduced, in the West's eyes, to a childlike state of beggary.

Dead Aid shows us another way. Using hard evidence to illustrate her case, Moyo shows how, with access to capital and with the right policies, even the poorest nations can turn themselves around. First we must destroy the myth that aid works – and make charity history.

Kevin D Williamson**The Politically Incorrect Guide to Socialism** TP \$39.95 www.infinitas.com.au/Product.php?bar=9781596986497

Stalin's gulag, impoverished North Korea, collapsing Cuba...it's hard to name a dogma that has failed as spectacularly as socialism. And yet leaders around the world continue to subject millions of people to this dysfunctional, violence-prone ideology.

In *The Politically Incorrect Guide™ to Socialism*, Kevin Williamson reveals the fatal flaw of socialism—that efficient, complex economies simply can't be centrally planned. But even in America, that hasn't stopped politicians and bureaucrats from planning, to various extents, the most vital sectors of our economy: public education, energy, and the most arrogant central-planning effort of them all, Obama's healthcare plan.

In this provocative book, Williamson unfolds the grim history of socialism, showing how the ideology has spawned crushing poverty, devastating famines, and horrific wars. Lumbering from one crisis to the next, leaving a trail of economic devastation and environmental catastrophe, socialism has wreaked more havoc, caused more deaths, and impoverished more people than any other ideology in history—especially when you include the victims of fascism, which Williamson notes is simply a variant of socialism.

Williamson further demonstrates:

Why, contrary to popular belief, socialism in theory is no better than socialism in practice

Why socialism can't exist without capitalism

How the energy powerhouse of Venezuela, under socialism, has become an economic basket case subject to rationing and blackouts

How socialism, not British colonialism, plunged the bountiful economy of India into stagnation and dysfunction—and how capitalism is rescuing it

Why socialism is inextricably linked to communism

If you thought socialism went into the dustbin of history with the collapse of the Soviet Union, think again. Socialism is alive and kicking, and it's already spread further than you know.

Larry Writer Australian Author**The Australian Book of Disasters** TP \$29.99www.infinitas.com.au/Product.php?bar=9781741969023

The recent floods that ravaged Queensland saw three-quarters of the state declared a disaster zone from the capital city on the Brisbane River to remote rural communities and caused billions of dollars worth of damage, forcing thousands to abandon their homes. This latest assault by nature reminds us all that, despite its stark beauty, the Australian landscape has a deadly edge. *The Australian Book of Disasters* features enthralling stories of natural catastrophe and survival in the face of enormous odds. With chapters covering every state and territory, it includes detailed accounts of the events burnt into Australia's national memory, from the Federation Drought of 1901 to the Black Saturday bushfires of 2009, and finishing with an in-depth look at the Queensland floods and Tropical Cyclone Yasi.

From the same series as *The Australian Book of True Crime* and *The Australian Book of Heroism*.
