Infinitas Newsletter Volume 22 No 1

April 2013

The bookshop has closed but Infinitas continues online

Yes, the bookshop in Parramatta has closed permanently, alas. However, Infinitas Bookshop continues to provide readers with books via website and email orders.

Much shelving has been constructed or assembled. The books have all been unpacked and sorted back into order. Other stock is also up on its shelving too. Workbench, computers, internet connection, tools and systems are mostly set up. Book deliveries are arriving. Books are getting purchased, packed and dispatched to customers. Now the newsletter too is getting underway again. Welcome back readers!

Infinitas Groups

Book Club

The Urban Fantasy Book Club and the Review Group have combined. We now meet at Mars Hill Café in George St Parramatta, near the Lennox Bridge over the river, at 6:30pm on the third Thursday of each month. We use their basement which has great ambiance. The first meeting for 2013 was March and was a very pleasant evening. Next meeting 18th April.

Dungeons & Dragons

The Infinitas Gaming Group has a new venue: Parramatta Council Library, Retro Room. This is on the mezzanine level off the stairwell and suits gaming well with soundproofing, kitchenette and tables. Games are on fortnightly Saturday mornings starting at 10am, finishing up around 2pm. Next game is Sat 13th April 2013. Bring your own dice. <http://www.infinitas.com.au/DungeonsAndDragonsAtInfinitas.php>

We need another DM to run a low level table, preferably Pathfinder or 1st edition – any keen volunteers? You would need to bring prepared characters and module as until players join a game they would not be able to generate their character.

It has been discussed that some players may try boardgames. If you are keen, bring a game and talk others into playing. Numbers have grown to ~25 people so we may soon need another room at the library.

Writers' Group

The Writers' Group too has found a new venue being the River Room at Parramatta Council Library. First meeting for 2013 is booked for Saturday 20th April, noon until 2pm.

Magic the Gathering

We no longer run MTG events.

Throne of the Crescent Moon *Crescent Moon Kingdoms 01* A Paperback \$14.95 www.infinitas.com.au/Product.php?bar=9780756407780

The Crescent Moon Kingdoms, home to djenn and ghuls, holy warriors and heretics, are at the boiling point of a power struggle between the iron-fisted Khalif and the mysterious master thief known as the Falcon Prince. In the midst of this brewing rebellion a series of brutal supernatural murders strikes at the heart of the Kingdoms. It is up to a handful of heroes to learn the truth behind these killings.

Doctor Adoulla Makhslood, "the last real ghul hunter in the great city of Dhamsawaat," just wants a quiet cup of tea. Three score and more years old, he has grown weary of hunting monsters and saving lives, and is more than ready to retire from his dangerous and demanding vocation. But when an old flame's family is murdered, Adoulla is drawn back to the hunter's path.

Raseed bas Raseed, Adoulla's young assistant, is a hidebound holy warrior whose prowess is matched only by his piety. But even as Raseed's sword is tested by ghuls and manjackals, his soul is tested when he and Adoulla cross paths with the tribeswoman Zamia.

Zamia Badawi, Protector of the Band, has been gifted with the near-mythical power of the lion-shape, but shunned by her people for daring to take up a man's title. She lives only to avenge her father's death. Until she learns that Adoulla and his allies also hunt her father's killer. Until she meets Raseed.

When they learn that the murders and the Falcon Prince's brewing revolution are connected, the companions must race against time-and struggle against their own misgivings-to save the life of a vicious despot. In so doing they discover a plot for the Throne of the Crescent Moon that threatens to turn Dhamsawaat, and the world itself, into a blood-soaked ruin.

Farside Hardcover \$34.95 www.infinitas.com.au/Product.php?bar=9780765323873

Farside, the side of the Moon that never faces Earth, is the ideal location for an astronomical observatory. It is also the setting for a tangled web of politics, personal ambition, love, jealousy, and murder.

Telescopes on Earth have detected an Earth-sized planet circling a star some thirty light-years away. Now the race is on to get pictures of that distant world, photographs and spectra that will show whether or not the planet is truly like Earth, and if it bears life.

Farside will include the largest optical telescope in the solar system as well as a vast array of radio antennas, the most sensitive radio telescope possible, insulated from the interference of Earth's radio chatter by a thousand kilometers of the Moon's solid body.

Building the Farside observatory is a complex, often dangerous task. On the airless surface of the Moon, under constant bombardment of hard radiation and infalling micrometeoroids, builders must work in cumbersome spacesuits and use robotic machines as much as possible. Breakdowns - mechanical and emotional - are commonplace. Accidents happen, some of them fatal.

What they find stuns everyone, and the human race will never be the same.

Natural History of Dragons: A Memoir by Lady Trent 01 Hardcover \$34.95 www.infinitas.com.au/Product.php?bar=9780765331960

Marie Brennan begins a thrilling new fantasy series in A Natural History of Dragons, combining adventure with the inquisitive spirit of the Victorian Age.

You, dear reader, continue at your own risk. It is not for the faint of heart - no more so than the study of dragons itself. But such study offers rewards beyond compare: to stand in a dragon's presence, even for the briefest of moments - even at the risk of one's life - is a delight that, once experienced, can never be forgotten. . . .

All the world, from Scirland to the farthest reaches of Eriga, know Isabella, Lady Trent, to be the world's preeminent dragon naturalist. She is the remarkable woman who brought the study of dragons out of the misty shadows of myth and misunderstanding into the clear light of modern science. But before she became the illustrious figure we know today, there was a bookish young woman whose passion for learning, natural history, and, yes, dragons defied the stifling conventions of her day.

Here at last, in her own words, is the true story of a pioneering spirit who risked her reputation, her prospects, and her fragile flesh and bone to satisfy her scientific curiosity; of how she sought true love and happiness despite her lamentable eccentricities; and of her thrilling expedition to the perilous mountains of Vystrana, where she made the first of many historic discoveries that would change the world forever.

Daylight War Demon Cycle 03 Hardcover \$34.95 www.infinitas.com.au/Product.php?bar=9780345503824

With *The Warded Man* and *The Desert Spear*, Peter V. Brett surged to the front rank of contemporary fantasy, standing alongside giants in the field such as George R. R. Martin, Robert Jordan, and Terry Brooks. *The Daylight War*, the eagerly anticipated third volume in Brett's internationally bestselling *Demon Cycle*, continues the epic tale of humanity's last stand against an army of demons that rise each night to prey on mankind.

On the night of the new moon, the demons rise in force, seeking the deaths of two men, both of whom have the potential to become the fabled Deliverer, the man prophesied to reunite the scattered remnants of humanity in a final push to destroy the demon corelings once and for all.

Arlen Bales was once an ordinary man, but now he has become something more - the Warded Man, tattooed with eldritch wards so powerful they make him a match for any demon. Arlen denies he is the Deliverer at every turn, but the more he tries to be one with the common folk, the more fervently they believe. Many would follow him, but Arlen's path threatens to lead to a dark place he alone can travel to, and from which there may be no returning.

The only one with hope of keeping Arlen in the world of men, or joining him in his descent into the world of demons, is Renna Tanner, a fierce young woman in danger of losing herself to the power of demon magic.

Ahmann Jardir has forged the warlike desert tribes of Krasia into a demon-killing army and proclaimed himself Shar'Dama Ka, the Deliverer. He carries ancient weapons - a spear and a crown - that give credence to his claim, and already vast swaths of the green lands bow to his control.

But Jardir did not come to power on his own. His rise was engineered by his First Wife, Inevera, a cunning and powerful priestess whose formidable demon bone magic gives her the ability to glimpse the future. Inevera's motives and past are shrouded in mystery, and even Jardir does not entirely trust her.

Once Arlen and Jardir were as close as brothers. Now they are the bitterest of rivals. As humanity's enemies rise, the only two men capable of defeating them are divided against each other by the most deadly demons of all - those lurking in the human heart.

Intruder Foreigner 13 A Paperback \$14.95 www.infinitas.com.au/Product.php?bar=9780756407933

Civil war on the world of the atevi seems to be over, but diplomatic disputes and political infighting continue unabated. Bren Cameron, brilliant human diplomat allied with the dominant Western Association, has just returned to the capital from his country home on the coast. But his sojourn was anything but restful. Attacked by rebel forces hoping to kill not only him, but also Ilisidi, the grandmother, and Cajeri, the young son, of Tabini-aiji, the powerful head of the Western Association, Bren and his resourceful associates have had a small war of their own to contend with. And this small war has ended with a daring proposition: that their longtime enemy Machigi, having been double-crossed by his allies and approached by Ilisidi with an offer of alliance, will sign a trade agreement with her Eastern district—a situation which has upset both the rebels and the loyal north.

But Bren's accustomed role as negotiator for Tabini, Ilisidi, and their associates has suddenly changed radically—for Machigi, to Bren's utter shock, has evoked an ancient law. Bren wears the white ribbon that for the last few centuries has identified the single official human-atevi negotiator. But before humans landed, this white ribbon represented a specialized negotiator between atevi adversaries—a mediator who agreed to represent both sides with equal loyalty. These ancient mediators frequently ended up dead.

Now back in the capital, Bren finds that things are even more complicated than they previously were. He has now been put in the precarious position of representing both Ilisidi and Machigi to the congress, and is becoming embroiled with both conservative and liberal factions. Meanwhile, Tabini-aiji is enraged to have lost the personal negotiator who has been his associate for decades, and is also jealous of any other party who stands to influence his young son.

But there are even more dangerous things afoot, for Bren's bodyguard has warned him there is a crisis inside the immensely dangerous Assassins' Guild, and that the recent dustup with the Shadow Guild, a rebellious faction within the Assassins, may be only the beginning.

Protector Foreigner 14 Hardcover \$34.95 www.infinitas.com.au/Product.php?bar=9780756407988

It's coming up on Cajeri's birthday. The boy has been promised he can have the young human children he knew from his voyage sent down from the space station for a two week stay.

But there's far a darker business going on in the background—a major split compromising the Assassins' Guild, which furnishes security and law enforcement to the whole continent. Tabini's consort's own father has been barred from court, and may be involved in a new conspiracy against him. For safety reasons, Tabini wants Bren and Ilisidi to take charge of Cajeri, and protect him and his young guests. They themselves are very likely targets of whatever's going on, no question of it. So is Cajeri. But having the targets separated and contained is an advantage.

It's Bren's responsibility to entertain the guests, keep the security problem secret...and let a lonely eight-year-old prince reestablish his controversial relationship with the only other children he's ever met...inside the best security they can manage.

It is the summer of 1942 and what our historians have called the Incredible Victory in the Battle of Midway has become a horrendous disaster in the world. Two of America's handful of carriers in the Pacific have blundered into a Japanese submarine picket line and have been sunk, while a third is destroyed the next day. The United States has only one carrier remaining in the Pacific against nine Japanese, while the ragtag remnants of U.S. battleships - an armada still reeling from the defeat at Pearl Harbor - are in even worse shape.

Now the Pacific belongs to the Japanese. And it doesn't stop there as Japan thrust her sword in to the hilt. Alaska is invaded. Hawaii is under blockade. The Panama Canal is nearly plugged. Worst of all, the West Coast of America is ripe for destruction as bombers of the Empire of the Sun bombard West Coast American cities at will.

Despite these disasters, the U.S. begins to fight back. Limited counterattacks are made and a grand plan is put forth to lure the Japanese into an ambush that could restore the balance in the Pacific and give the forces of freedom a fighting chance once more.

For the Veil between worlds is weakening, and behind it, the Hidden Kingdom, ever-hungry for dominion over the daylight realm, is stirring. Max has only a few allies in this fight among them: Pam, an apprentice in the alchemical arts, and Vee, a chanteuse with an uncanny knack for all things magick. Max will need all his magick, and all the help he can get, for him to have any chance to thwart the attack and survive to fight another day.

The Trouble With Fate Mystwalker 01 A Paperback \$14.95 www.infinitas.com.au/Product.php?bar=9781250006400

My name is Hedi Peacock and I have a secret. I'm not human, and I have the pointy Fae ears and Were inner-bitch to prove it. As fairy tales go, my childhood was damn near perfect, all fur and magic until a werewolf killed my father and the Fae executed my mother. I've never forgiven either side. Especially Robson Trowbridge. He was a part-time werewolf, a full-time bastard, and the first and only boy I ever loved. That is, until he became the prime suspect in my father's death.

Today I'm a half-breed barista working at a fancy coffee house, living with my loopy Aunt Lou and a temperamental amulet named Merry, and wondering where in the world I'm going in life. A pretty normal existence, considering. But when a pack of Weres decides to kidnap my aunt and force me to steal another amulet, the only one who can help me is the last person I ever thought I'd turn to: Robson Trowbridge. And he's as annoyingly beautiful as I remember. That's the trouble with fate: Sometimes it barks. Other times it bites. And the rest of the time it just breaks your heart. Again.

Lavish building projects, endless games, public displays of his incestuous relationship with his sister, Drusilla, and a terrified senate are nothing to Caligula's most ambitious plan: to bridge the bay of Neapolis and ride over it wearing Alexander's breastplate. And it falls to Vespasian to travel to Alexandria and fetch it from Alexander's mausoleum. Vespasian's mission will lead to violence, mayhem and theft - and in the end, to an act of ultimate betrayal...

Say you're a time traveler and you've already toured the entirety of human history. After a while, the outside world might lose a little of its luster. That's why this time traveler celebrates his birthday partying with himself. Every year, he travels to an abandoned hotel in New York City in 2071, the hundredth anniversary of his birth, and drinks twelve-year-old Scotch (lots of it) with all the other versions of who he has been and who he will be. Sure, the party is the same year after year, but at least it's one party where he can really, well, be himself.

The year he turns 39, though, the party takes a stressful turn for the worse. Before he even makes it into the grand ballroom for a drink he encounters the body of his forty-year-old self, dead of a gunshot wound to the head. As the older versions of himself at the party point out, the onus is on him to figure out what went wrong—he has one year to stop himself from being murdered, or they're all goners. As he follows clues that he may or may not have willingly left for himself, he discovers rampant paranoia and suspicion among his younger selves, and a frightening conspiracy among the Elders. Most complicated of all is a haunting woman possibly named Lily who turns up at the party this year, the first person besides himself he's ever seen at the party. For the first time, he has something to lose. Here's hoping he can save some version of his own life

Guy Gavriel Kay

River of Stars Under Heaven Hardcover \$34.95 www.infinitas.com.au/Product.php?bar=9780451464972

In his critically acclaimed novel Under Heaven, Guy Gavriel Kay told a vivid and powerful story inspired by China's Tang Dynasty. Now, the international bestselling and multiple award-winning author revisits that invented setting four centuries later with an epic of prideful emperors, battling courtiers, bandits and soldiers, nomadic invasions, and a woman battling in her own way, to find a new place for women in the world - a world inspired this time by the glittering, decadent Song Dynasty.

Ren Daiyan was still just a boy when he took the lives of seven men while guarding an imperial magistrate of Kitai. That moment on a lonely road changed his life - in entirely unexpected ways, sending him into the forests of Kitai among the outlaws. From there he emerges years later - and his life changes again, dramatically, as he circles towards the court and emperor, while war approaches Kitai from the north.

Lin Shan is the daughter of a scholar, his beloved only child. Educated by him in ways young women never are, gifted as a songwriter and calligrapher, she finds herself living a life suspended between two worlds. Her intelligence captivates an emperor - and alienates women at the court. But when her father's life is endangered by the savage politics of the day, Shan must act in ways no woman ever has.

In an empire divided by bitter factions circling an exquisitely cultured emperor who loves his gardens and his art far more than the burdens of governing, dramatic events on the northern steppe alter the balance of power in the world, leading to events no one could have foretold, under the river of stars.

Endurance Green 02 Trade Paperback \$19.95 www.infinitas.com.au/Product.php?bar=9780765327154

Green is back in Copper Downs. Purchased from her father in sunny Selistan when she was four years old, she was harshly raised to be a courtesan, companion, and bedmate of the Immortal Duke of Copper Downs. But Green rebelled. Green killed the Duke, and many others, and won her freedom. Yet she is still claimed by the gods and goddesses of her world, and they still require her service. Their demands are greater than any duke's could have been.

Godslayers have come to the Stone Coast, magicians whose cult is dedicated to destroying the many gods of Green's world. In the turmoil following the Immortal Duke's murder, Green made a god out of her power and her memories. Now the gods turn to her to protect them from the Slayers.

Jay Lake brings us an epic fantasy not "in the tradition of Tolkien," but, instead, sensual, ominous, shot through with the sweat of fear and the intoxication of power.

No one expected the oil to last forever. How right they were.

A geopolitical miscalculation tainted the world's major oil fields with radioactivity and plunged the Middle East into chaos. Any oil that remains usable is more prized than ever. No one can build solar farms, wind farms, and electric cars quickly enough to cope. The few countries still able to export oil and natural gas - Russia chief among them - have a stranglehold on the world economy.

And then, from the darkness of space, came Phoebe. Rather than divert the onrushing asteroid, America captured it in Earth orbit.

Solar power satellites - cheaply mass-produced in orbit with resources mined from the new moon to beam vast amounts of power to the ground - offer America its last, best hope of avoiding servitude and economic ruin.

As though building miles-across structures in space isn't challenging enough, special interests, from technophobes to eco-extremists to radio astronomers, want to stop the project. And the remaining petro powers will do anything to protect their newfound dominance of world affairs.

NASA engineer Marcus Judson is determined to make the powersat demonstration project a success. And he will - even though nothing in his job description mentions combating an international cabal, or going into space to do it.

1Q84 Trade Paperback \$24.95 www.infinitas.com.au/Product.php?bar=9780307476463

The year is 1984 and the city is Tokyo.

A young woman named Aomame follows a taxi driver's enigmatic suggestion and begins to notice puzzling discrepancies in the world around her. She has entered, she realizes, a parallel existence, which she calls 1Q84 - Q is for 'question mark.' A world that bears a question.

Meanwhile, an aspiring writer named Tengo takes on a suspect ghostwriting project. He becomes so wrapped up with the work and its unusual author that, soon, his previously placid life begins to come unraveled.

As Aomame's and Tengo's narratives converge over the course of this single year, we learn of the profound and tangled connections that bind them ever closer: a beautiful, dyslexic teenage girl with a unique vision; a mysterious religious cult that instigated a shoot-out with the metropolitan police; a reclusive, wealthy dowager who runs a shelter for abused women; a hideously ugly private investigator; a mild-mannered yet ruthlessly efficient bodyguard; and a peculiarly insistent television-fee collector.

A love story, a mystery, a fantasy, a novel of self-discovery, a dystopia to rival George Orwell's - 1Q84 is Haruki Murakami's most ambitious undertaking yet: an instant best seller in his native Japan, and a tremendous feat of imagination from one of our most revered contemporary writers.

The new Eve Dallas thriller in which Eve comes up against a terrifying and seemingly untouchable mass murderer.

"What would cause someone to want so many people, surely many of them strangers, to slaughter each other?" The scene that greets Lieutenant Eve Dallas one terrible evening in New York is more shocking than she has ever witnessed. The downtown bar is strewn with bodies - office workers who have been sliced, bludgeoned or hacked to death with the nearest weapon available, turning on each other in a desperate blinding rage.

As Eve and her husband Roarke - who owns the bar among his many properties - investigate the city, they link the attacks back to the Urban Wars and the chemical warfare used all those years ago. With another slaughter imminent, Eve must turn to unexpected sources to stop a killer pursuing revenge by creating mass carnage. . .

On Manhattan's Upper East Side a woman lies dead at the bottom of the stairs, stripped of all her valuables. Most cops might call it a mugging gone wrong, but Lieutenant Eve Dallas knows better.

A well-off accountant and a beloved wife and mother, Marta Dickenson doesn't seem the type to be on anyone's hit list. But when Eve and her partner, Peabody, find blood inside the building, the lieutenant knows Marta's murder was the work of a killer who's trained, but not professional or smart enough to remove all the evidence.

But when someone steals the files out of Marta's office, Eve must immerse herself in her billionaire husband Roarke's world of big business to figure out who's cruel and callous enough to hire a hit on an innocent woman. And as the killer's violent streak begins to escalate, Eve knows she has to draw him out, even if it means using herself as bait. . . .

Shadow of Freedom Honor Harrington 14 Hardcover \$34.95 www.infinitas.com.au/Product.php?bar=9781451638691

Shadow of Freedom (Limited Edition Signed) Hardcover \$49.95 www.infinitas.com.au/Product.php?bar=9781451637823

Wrong number? There are two sides to any quarrel . . . unless there are more.

Queen Elizabeth of Manticore's first cousin and Honor Harrington's best friend Michelle Henke has just handed the "invincible" Solarian League Navy the most humiliating, one-sided defeat in its entire almost thousand-year history in defense of the people of the Star Empire's Talbott Quadrant. But the League is the most powerful star nation in the history of humanity. Its navy is going to be back - and this time with thousands of superdreadnoughts.

Yet she also knows scores of other star systems - some independent, some controlled by puppet regimes, and some simply conquered outright by the Solarian Office of Frontier Security - lie in the League's grip along its frontier with the Talbott Quadrant. As combat spreads from the initial confrontation, the entire frontier has begun to seethe with unrest, and Michelle sympathizes with the oppressed populations wanting only to be free of their hated masters.

And that puts her in something of a quandary when a messenger from Mobius arrives, because someone's obviously gotten a wrong number. According to him, the Mobians' uprising has been carefully planned to coordinate with a powerful outside ally: the Star Empire of Manticore. Only Manticore - and Mike Henke - have never even heard of the Mobius Liberation Front.

It's a set-up . . . and Michelle knows who's behind it. The shadowy Mesan Alignment has launched a bold move to destroy Manticore's reputation as the champion of freedom. And when the RMN doesn't arrive, when the MLF is brutally and bloodily crushed, no independent star system will ever trust Manticore again.

Mike Henke knows she has no orders from her government to assist any rebellions or liberation movements, that she has only so many ships, which can be in only so many places at a time . . . and that she can't possibly justify diverting any of her limited, outnumbered strength to missions of liberation the Star Empire never signed on for.

She knows that . . . and she doesn't care.

No one is going to send thousands of patriots to their deaths, trusting in Manticoran help that will never come.

Not on Mike Henke's watch.

A Rising Thunder Honor Harrington 13 Trade Paperback \$24.95 www.infinitas.com.au/Product.php?bar=9781451638714

And as if that weren't task enough, Honor must also face down a centuries-old old nemesis in the crumbling, but still mighty, Solarian League.

The war between the People's Republic of Haven and the Star Kingdom is finally won and peace established, but grave danger looms—for there is a plan well on its way to completion designed to enslave the entire human species. Behind that plan lies the shadowy organization known as the Mesan Alignment.

Task number one for Honor is to defend against another devastating Mesan strike—a strike that may well spell the doom of the Star Kingdom in one fell blow. It is time to shut down and secure the wormhole network that is the source of the Star Kingdom's wealth and power—but also its greatest vulnerability. Yet this is an act that the ancient and corrupt Earth-based Solarian League inevitably will take as a declaration of war.

The thunder of battle rolls as the Solarian League directs its massive power against the Star Kingdom. And once again, Honor Harrington is thrust into a desperate battle that she must win if she is to survive to take the fight to the real enemy of galactic freedom—the insidious puppetmasters of war who lurk behind the Mesan Alignment!

The war in the distant South has ended; the armies, victorious, have returned to Averalaan. During the victory parade of the Kings' armies, the fifth assassination attempt occurs--in full view of the Ten, the Kings, and thousands of spectators. To survive, Jewel takes to the sky on the back of a winged cat; she returns to the Terafin Manse, leaving demonic destruction in her wake, the demon itself in pursuit. In the aftermath of the Terafin's funeral, the Kings have demanded an audience with the newest ruler of House Terafin. David R George III

A beautiful green world, rich in fertile soil and temperate climate . . . a textbook Class-M planet that should be teeming with life. Scans show no life-signs, but there are refined metals, including those associated with a space-faring race . . . and a lone city. But where are all of the inhabitants? Captain James T. Kirk leads a landing party from the U.S.S. Enterprise, hoping to get some answers.

The away team discovers a city in ruins, covered by dust, utterly bereft of life. Tricorder readings indicate that this is no ancient metropolis - it has been deserted only for a year. And just beyond the citadel lies what appears to be an ancient spaceport . . . a graveyard of ships that have clearly been sabotaged.

With these ruins too far from either the Klingon or the Romulan Empires, the Enterprise crew can only wonder: Who could have done this? And could this unnamed threat now pose an imminent danger to the Federation?

Responding to an urgent distress signal, Captain James T. Kirk and the crew of the U.S.S. Enterprise soon find themselves in conflict with the Crusade, and facing individual challenges. When Kirk and Spock are transported to the Crusade's distant homeland to confront the source of the invasion, Sulu finds himself trapped behind enemy lines, while Lieutenant Uhura is faced with possibly the most difficult decisions of her career.

Timothy Zahn

Han Solo should be basking in his moment of glory. After all, the cocky smuggler and captain of the Millennium Falcon just played a key role in the daring raid that destroyed the Death Star and landed the first serious blow to the Empire in its war against the Rebel Alliance. But after losing the reward his heroics earned him, Han's got nothing to celebrate. Especially since he's deep in debt to the ruthless crime lord Jabba the Hutt. There's a bounty on Han's head - and if he can't cough up the credits, he'll surely pay with his hide. The only thing that can save him is a king's ransom. Or maybe a gangster's fortune? That's what a mysterious stranger is offering in exchange for Han's less-than-legal help with a riskier-than-usual caper. The payoff will be more than enough for Han to settle up with Jabba - and ensure he never has to haggle with the Hutts again.

All he has to do is infiltrate the ultra-fortified stronghold of a Black Sun crime syndicate underboss and crack the galaxy's most notoriously impregnable safe. It sounds like a job for miracle workers . . . or madmen. So Han assembles a gallery of rogues who are a little of both - including his indispensable sidekick Chewbacca and the cunning Lando Calrissian. If anyone can dodge, deceive, and defeat heavily armed thugs, killer droids, and Imperial agents alike - and pull off the heist of the century - it's Solo's scoundrels. But will their crime really pay, or will it cost them the ultimate price?

The Mad Scientist's Guide to World Domination: Original Short Fiction for the Modern Evil Genius

Hardcover \$34.95 www.infinitas.com.au/Product.php?bar=9780765326447

Trade Paperback \$19.95 www.infinitas.com.au/Product.php?bar=9780765326454

From Victor Frankenstein to Lex Luthor, from Dr. Moreau to Dr. Doom, readers have long been fascinated by insane plans for world domination and the madmen who devise them. Typically, we see these villains through the eyes of good guys. This anthology, however, explores the world of mad scientists and evil geniuses - from their own wonderfully twisted point of view.

An all-star roster of bestselling authors - including Diana Gabaldon, Daniel Wilson, Austin Grossman, Naomi Novik, and Seanan McGuire, twenty-two great storytellers all told - have produced a fabulous assortment of stories guaranteed to provide readers with hour after hour of high-octane entertainment born of the most megalomaniacal mayhem imaginable.

Everybody loves villains. They're bad; they always stir the pot; they're much more fun than the good guys, even if we want to see the good guys win. Their fiendish schemes, maniacal laughter, and limitless ambition are legendary, but what lies behind those crazy eyes and wicked grins? How - and why - do they commit these nefarious deeds? And why are they so set on taking over the world?

If you've ever asked yourself any of these questions, you're in luck: It's finally time for the madmen's side of the story.

"Gaslamp Fantasy" or historical fantasy set in a magical version of the nineteenth century, has long been popular with readers and writers alike. A number of wonderful fantasy novels, including *Stardust* by Neil Gaiman, *Jonathan Strange and Mr Norrell* by Susanna Clarke, and *The Prestige* by Christopher Priest, owe their inspiration to works by nineteenth-century writers ranging from Jane Austen, the Brontës, and George Meredith to Charles Dickens, Anthony Trollope, and William Morris. And, of course, the entire steampunk genre and subculture owes more than a little to literature inspired by this period.

Queen Victoria's Book of Spells is an anthology for everyone who loves these works of neo-Victorian fiction, and wishes to explore the wide variety of ways that modern fantasists are using nineteenth-century settings, characters, and themes. These approaches stretch from steampunk fiction to the Austen-and-Trollope inspired works that some critics call *Fantasy of Manners*, all of which fit under the larger umbrella of *Gaslamp Fantasy*. The result is eighteen stories by experts from the fantasy, horror, mainstream, and young adult fields, including both bestselling writers and exciting new talents such as Elizabeth Bear, James Blaylock, Jeffrey Ford, Ellen Kushner, Tanith Lee, Gregory Maguire, Delia Sherman, and Catherynne M. Valente, who present a bewitching vision of a nineteenth century invested (or cursed!) with magic.

Deckard Cain is the last of the Horadrim, the sole surviving member of a mysterious and legendary order. Assembled by the archangel Tyrael, the Horadrim were charged with the sacred duty of seeking out and vanquishing the three Prime Evils: Diablo (the Lord of Terror), Mephisto (the Lord of Hatred), and Baal (the Lord of Destruction). But that was many years ago. As the decades passed, the Horadrim's strength diminished, and they fell into obscurity. Now all of their collected history, tactics, and wisdom lie within the aged hands of one man. A man who is growing concerned. Dark whisperings have begun to fill the air, tales of ancient evil stirring, rumblings of a demonic invasion set to tear the land apart.

Amid the mounting dread, Deckard Cain uncovers startling new information that could bring about the salvation - or ruin - of the mortal world: other remnants of the Horadrim still exist. He must unravel where they have been and why they are hiding from one of their own.

As Cain searches for the lost members of his order, he is thrust into an alliance with an unlikely ally: Leah, an eight-year-old girl feared by many to carry a diabolical curse. What is her secret? How is it tied to the prophesied End of Days? And if there are other living Horadrim, will they be able to stand against oblivion? These are the questions Deckard Cain must answer before it is too late.
